

The Yun Family's Ninth Child is an Imp! Chapter 1142

Dean Huangfu's face stiffened as he thought to himself, as the esteemed dean, I am only worth a few roasted spirit potatoes. Alright, the taste of the heavenly lightning roasted spirit potatoes is quite delicious.. At this moment, the sky turned even darker. Fortunately, the people of the Tianyuan Academy already had the experience from last time and knew that the heavenly lightning was here to strike Yun Chujiu, so they didn't panic too much. However, the hall master's wife on the Flying Spirit Tool didn't know. Not long after they flew out, they discovered several dark clouds gathering in the direction of the Tian Yuan Academy. Their hearts were shocked. What was going on? Could it be that a unique treasure had appeared? Or a strange beast had appeared? Or could it be that these heavenly lightning were sent by the Tian Dao to kill the little trash? Such a thick layer of clouds contained at least several hundred heavenly lightning bolts. The little trash was probably going to die! Although that little good-for-nothing was not likable, it was still a pity for her to die just like that. Forget it. No one could save the person that Tian Dao wanted to kill. She could only blame her own bad luck, thinking of this, the Lady of the Hall master took out the voice transmission talisman. "Old Qi, this heavenly lightning bolt is most likely to strike Yun Chujiu. She definitely won't survive. After this, you should inquire about the news and help deal with the aftermath." After receiving the voice transmission talisman from the Lady of the hall master, shopkeeper Qi started to have some doubts in his heart. Could it be that the lady of the Hall Master didn't know that the Heavenly Lightning didn't Strike Yun Chujiu to death last time? Forget it, he wasn't too clear about what happened last time either. It would be better to wait for this incident to be over before reporting to the lady of the Hall Master. Boom! Boom! At this moment, several heavenly lightning bolts had already struck down towards Yun Chujiu. This time, Wu Yun was the same Wu Yun who had struck Yun chujiu previously. After learning from the previous experience, he had struck Yun chujiu fiercely, as if he wouldn't stop until Yun Chujiu was dead. Dean Huangfu's brows were tightly knitted. Although he had already witnessed Yun chujiu's abnormal physique last time, the lightning this time was clearly more powerful than the previous one. Could she withstand it? On the other hand, Yun Chujiu looked carefree. There was a handkerchief tied to her head, and she kept picking up a few pieces of spiritual potatoes, she even muttered, "Aiyu, this spiritual potato is too late. It's a little too hot. This one is roasted just right. HMM, the fragrance has already come out..." Dean Huangfu Heard Yun Chujiu's muttering in the midst of the Thunder, and he immediately felt that his worries were unnecessary. This girl was really bold. No wonder she dared to go against Yin haoyu! She wasn't even afraid of the Heavenly Thunder, so why should she be afraid of Him? ! This little girl's future achievements would definitely not be inferior to that of his excellency and Young Master Wuji. That Old Fellow in the library would not let a little girl copy books for no reason. He was afraid that she had other plans. Dean Huangfu suddenly thought of a problem. The Heavenly Thunder would not strike Yun Chujiu for no reason. Could it be that it struck her because she had broken through? Dean Huangfu shook his head again. It shouldn't be. Her current spiritual power was still at the first level of the Spirit sect. If she had broken through, why didn't her spiritual power level change! Besides, who would break through once every two months? That was too abnormal! Then why did the heavenly lightning strike her so frequently? Was it just to kill her in a hurry? Just as Dean Huangfu was thinking about it, he saw Yun chujiu fly out of the pit while the heavenly lightning struck. She threw a few roasted spirit potatoes to

him and said, "Dean, I'll get struck in another pit so that I can hide from the others later." Dean Huangfu took the roasted spirit potatoes with a dumbfounded look on his face. Then, he watched Yun Chujiu get struck by lightning while eating the roasted spirit potatoes.
