

## The Yun Family's Ninth Child is an Imp! Chapter 1147

The next morning, Yun Chujiu hopped out of the dormitory. After bypassing the library, there was indeed a pitch-black nine-story pagoda standing there. At the door was a teacher who was yawning and dozing off. "Teacher, I want to enter the trial tower. How does it work?" The teacher sized up Yun Chujiu, thinking that he had heard wrong. "What did you say?" "I want to quickly raise my cultivation level. The Dean has asked me to enter the trial tower. Please tell me how to enter the Trial Tower!" "You? Want to enter the trial tower? Could it be that you are making fun of me early in the morning? Only a student with the cultivation level of a spirit saint would dare to try this trial tower. Why are you, a first level spirit sect student, causing trouble? Go and stay where you are!" The teacher said impatiently. Yun Chujiu explained for a while more, but the teacher still refused to give in. He thought that Yun Chujiu was messing around. A first level spirit sect student entering the trial tower? This was simply messing around! Just as Yun Chujiu was at her wit's end, more and more senior students came over to enter the trial tower. They were also stunned when they saw Yun Chujiu. What was this Yun Chujiu doing here in the trial tower? Those students each paid ten high-grade spirit stones, and the teacher handed each of them a jade token. Those students placed the jade token in the groove on the trial tower's door, and the trial tower's door opened. Yun Chujiu was very curious, so she stood at the trial tower's door and looked inside, wanting to see what was inside. No one expected that there was a powerful suction force inside the trial tower, and Yun Chujiu was forcefully sucked in! "Hey! You! Why did you sneak in?!" The teacher didn't notice it before, when he raised his head, he saw Yun Chujiu "Rush" in. He thought that Yun Chujiu had snuck in by herself. Just as he was about to stop her, it was too late. The trial tower's door closed with a bang. The teacher was so anxious that he was hopping around. Cold Sweat immediately broke out on his forehead. He never expected that Yun Chujiu would be so daring to sneak in. What should he do? The teacher had no choice but to take out his identity jade token and send a message to deputy dean Xiao. Not long after, deputy dean Xiao, Dean Huangfu, and the others all came. "What's going on? Yun Chujiu entered the trial tower without permission?" Deputy Dean Xiao asked anxiously. The teacher's forehead was covered in cold sweat. "An hour ago, Yun Chujiu said that she wanted to enter the trial tower. I think she must be messing around. Why would a first level spirit sect enter the trial tower? "I didn't expect that a few senior students would enter the trial tower after receiving the jade tokens. Yun Chujiu actually sneaked in with them. By the time I wanted to stop her, it was already too late!" Instructor Xiao immediately said unhappily, "As the instructor guarding the trial tower, how could you be so careless! ?" The trial tower was very dangerous. If there was no passage jade token, she wouldn't be able to come out. Wouldn't Yun Chujiu have to die and live countless times in there?!" Dean Huangfu let out a long sigh. "This is all my fault! If I hadn't told her that the trial tower could help her break through her cultivation bottleneck, she wouldn't have come to this trial tower. What should we do?" "The students who enter are all in different places. There's no way to know what's going on inside. Besides, unless the trial tower is destroyed, there's no way for her to come out. Even if we don't talk about anything else, she'll starve to Death!" Deputy Dean Jiang was also frowning.
