

The Yun Family's Ninth Child is an Imp! Chapter 115

Elder Qu raised his beard and said unwillingly, "HMPH! The shadow stone can only see movement but not hear sound. Perhaps that black girl was just a blind cat that ran into a dead rat!"

At this moment, a disciple who was in charge of the test had already handed the situation of Yun Chujiu and the others to elder Qu.

Elder Qu took a look, he could not help but laugh out loud. "I told you, how can others compare with such a smart brain of mine? ! Look, this 'straight to the Clouds' group is really too weak ! And that black girl is a good-for-nothing who doesn't have any spiritual power ! She must be afraid, so she got people to surround her in the middle!"

Everyone was stunned, and when they saw Yun Chujiu and the others' information, they were also stunned, "The highest level is only at the fourth level of spirit enhancement? And there's a good-for-nothing who doesn't have any spiritual power? Then how did they climb up?"

"Also, how did they get the qualification to take the test?"

The disciple in charge of the test had a slight twitch at the corner of his mouth. He told them what he knew.

Everyone's gaze fell on an old man with a square face. This person was the peak master of Middle Peak, you cang, whom Yun Chujiu met in the demonic beast forest. Peak Master You was stunned. He thought to himself, this Yun chujiu really dared to say it! She did not know what it meant to stop when things were good and to stop when things were good! She actually used a token to get seven registration qualifications. She was really, really good at deceiving people!

Peak master you had the intention to tell the truth, but on one hand, she felt that Yun Chujiu cared about her family and had good intentions. If she told the truth, they would be stripped of their test qualifications

On the other hand, if she told the truth, it was inevitable that she would be ridiculed by everyone. It seemed a little embarrassing

Thirdly, cough cough, that old fellow Sun Bozhong was quite fond of that black girl. This old fellow was currently in closed door cultivation. If he were to come out and find out that I had revealed the truth, he would definitely explode!

Peak master you laughed dryly when he thought of this. "There really is such a thing. When we first met Yun Chujiu, that little girl, although she did not have any spiritual power, she was quick-witted and lively. Moreover, she had a tenacious character. Hence, she was moved by compassion and promised to give her seven qualifications to register."

Xiao panshi from the west peak frowned. He was the most principled and wanted to say a few words. However, when he thought of Bai Moyu and his sister, he could only swallow his words.

He had clearly given the BAI siblings two registration tokens. Why was there only one left? If not for that disciple setting a precedent for the two of them, Yun Chujiu would not have been able to rely on one registration token to obtain seven registration qualifications.

However, this Yun Chujiu's personality carried a strong opportunism, and she was really unlikable!

Thinking up to this point, Xiao Panshi said with a cold face, "There are only six of them. I reckon that one of them has already been eliminated. They should have failed the first round of the test."

Just as Xiao Panshi finished speaking, the black girl stretched her neck and shouted something at the bottom of the stone steps. Then, a youth holding a treasured sword climbed up with full vigilance.

Everyone exclaimed, "As expected! "The black girl had indeed guessed elder Qu's intention. She deliberately left a person behind to wait for them to be ready before letting the last person come up. If they guessed correctly, the last person should be Yun Chusi, who had the highest spiritual power! This black girl is really smart!"

Elder qu jumped his feet, “Impossible! Impossible! She must have met a dead rat by chance! ”

Everyone just smiled and ignored elder Qu. They all turned their attention to the clear sky group. They didn't even pay attention to some of the stronger groups that they had previously thought highly of.

After all, in this world, only a comeback was the most exciting! However, would the weakest clear sky group succeed in their comeback?
