

The Yun Family's Ninth Child is an Imp! Chapter 1153

“Master, I’m still useful at critical moments, right? The dye and the ink were provided by the baby as a friendship. Don’t bring up old grudges in the future. It’ll Hurt Your Feelings,” Mao Maoqiu said smugly. Yun chujiu pursed her lips and ignored Mao Maoqiu. It turned out that Yun Chujiu had suddenly thought of the sticky thread of Mao Maoqiu, so she climbed down by relying on the sticky thread. It was not that Yun chujiu had not thought of climbing along the cliff wall, but she considered that she could not use her spiritual power to attack while climbing. If she was caught by the poison-striped twin-tailed python, she could only wait for death. Therefore, she had to land on the ground. When the earth-shattering King Kong Wild Bear heard the noise, it was also stunned when it saw Yun chujiu quickly climbing down. This little weakling had some skills, but if you climb down, you can only let me kill you. The earth-shattering bear no longer ate the demon beast corpses. Instead, it stared at the bottom of the cliff like a tiger watching its prey. It was prepared to rush up and eat Yun chujiu the moment Yun chujiu landed. A trace of craftiness flashed across Yun Chujiu’s eyes. Little Fellow, although my spiritual power level is far inferior to yours, I have brains. You Stupid Bear don’t. Watch how I will deal with you. Just as Yun Chujiu was about to reach the attack range of the earth-shattering King Kong Wild Bear, she suddenly shook her hand and a large bag of chili powder was thrown towards the face of the earth-shattering King Kong Wild Bear. Although the earth-shattering King Kong Wild Bear was guarding against Yun Chujiu’s spiritual power attack, it never dreamed that someone would use the chili powder as an attack weapon. Moreover, it was looking up at Yun Chujiu, therefore, most of the chili powder was sprinkled on its face, and its eyes immediately became so hot that it could not open them. Seeing that the earth-shattering King Kong Wild Bear had been hit, Yun Chujiu suddenly jumped up and landed on the ground. Then, she directed several bolts of lightning towards the eyes of the earth-shattering King Kong Wild Bear, mixed with several small purple needles. The earth-shattering King Kong Wild Bear waved its huge claws to block Yun Chujiu’s lightning. The purple lightning could not cause much damage at all. It was just a slight pain., however, the purple needles were too small and went through the gaps between the claws of the earth-shattering King Kong Wild Bear. Yun chujiu was delighted and quickly ordered the purple needles to self-destruct. The earth-shattering King Kong Wild Bear was waving its huge paw when its eyes suddenly felt a sharp pain. The chili and the purple needles self-destructed., the Left Eye of the earth-shattering King Kong Wild Bear immediately began to bleed non-stop. The earth-shattering bear was completely enraged this time. It did not care about its injured left eye and used its huge paw to hit the ground. Immediately, a huge crack appeared on the ground. Fortunately, Yun Chujiu’s reaction was fast enough, that was why she did not fall into the crack. The earth-shattering bear roared angrily and kept hitting the ground. Soon, several cracks appeared on the ground. Yun chujiu gritted her teeth. It was better to run. She first found a place to catch her breath, she would deal with this stupid bear after she thought of a good idea. Yun chujiu thought of this and ran all the way. Although the level of the earth-shattering King Kong Wild Bear’s spiritual power was much higher than Yun Chujiu’s, its left eye was extremely painful. It was anxious to find herbs to relieve the pain, so it gave up after chasing for a while, the little weakling could not run out of its palm no matter how much it ran. It would treat its injuries first and then deal with her. Yun chujiu saw that the Diamond Earth splitting wild bear was no longer chasing her, so she sat down on the ground and panted heavily. This level 22 Demon Beast was equivalent to the

fourth to sixth level of the Holy Spirit Realm. The gap between her and them was really too big, it was really difficult to pass through the second level!
