

## The Yun Family's Ninth Child is an Imp! Chapter 1154

Yun Chujiu's previous confidence was almost gone. The second level was already so difficult to pass, and there were seven more levels behind. Each level was more difficult than the last. How was it possible for her to pass? There was no lightning in the trial tower. If I refined guai Cao and the others' lightning spiritual power, there would be no way for me to continue cultivating. At that time, she would only be able to wait here for death. The More Yun Chujiu thought about it, the more she felt that there was no way to survive. She couldn't help but feel a little discouraged. However, Yun Chujiu had one of her greatest strengths. She was very strong in resisting attacks. After being depressed for a short while, she was revived with full health. No matter what, she had to pass one test after another, this second test might only be able to kill these three demonic beasts. She would first kill the bear, then think of a way to kill the other two demonic beasts. However, although the earth-shattering King Kong Wild Bear had injured one of its eyes, its spiritual power was still much stronger than hers. She had to outsmart it and not act rashly. Yun chujiu blinked her eyes and immediately had an idea. After making some arrangements, she began to return along the same route. She did not walk far before she met the earth-shattering King Kong Wild Bear. Its eyes were covered with crushed herbs, when it saw Yun chujiu, it immediately pounced on her with a furious roar. "You Stinky Bear, you still want to eat me with your clumsy appearance? Keep Dreaming! With your stupid appearance, it's impossible for you to catch up with me, You Idiot! No wonder you described me as stupid like a stupid bear. It turns out that you're really stupid!" Yun chujiu taunted as she fled, the earth-shattering guardian bear roared angrily and chased after her relentlessly. The earth-shattering guardian bear's speed was much faster than Yun Chujiu's. It was about to catch up to Yun Chujiu. The earth-shattering guardian Bear's eyes revealed a smug look. You little weakling, I must kill you! At this moment, the earth-shattering guardian bear stumbled and fell to the ground. It could not help but be stunned. It wanted to get up and continue chasing after Yun Chujiu, but it realized that its limbs were stuck to something. It was very difficult to move, before it could react, several purple needles shot towards its eyes, ears, eyes, and nostrils. The earth-shattering bear wanted to pounce with its claws, but its claws were not very flexible after being stuck. It could only lie on the ground to avoid the purple needles. Before it got up, it heard a strange roar. The earth-shattering bear could not help but be distracted. Although it was only for a short moment, it was enough for the purple needles that Yun Chujiu shot into its ears. "Explode!" The earth-shattering bear's huge head was instantly blown into a bloody mess, and it died instantly! Then, the earth-shattering bear's huge body disappeared, as if nothing had happened before. Yun chujiu sat on the ground, panting heavily. "Emma, it's a good thing that this stinky bear is stupid enough. Otherwise, we wouldn't have been able to kill it." Lie Yan's three-tailed Fox King eagerly moved to Yun Chujiu's side. "Master, you always say that I'm a freeloader. This time, I've done a meritorious deed, right? !" Yun chujiu nodded. "Xiao Hong, although you've done a meritorious deed this time, you're still too weak. When will you be able to grow another tail?" "Master, this tail isn't something that I can grow whenever I want. I need time to grow it. Well, master, I'll just enter the spirit beast pouch to accompany boss Xiao Hei!" Lie Yan's three-tailed Fox king heard the two words "Xiao Hong", although it had already accepted its fate, every time it heard this name, it would be filled with sorrow.
