

The Yun Family's Ninth Child is an Imp! Chapter 1155

Yun Chujiu put lie Yan's three-tailed Fox King into her spiritual beast bag and ate something. Then, she began to think about her next step. After killing the Diamond Earth splitting Wild Bear, she did not go to the third level. This meant that she had to kill the other two demonic beasts as well. Yun chujiu thought about it and felt that she should kill the poison-striped twin-tailed Python first. Otherwise, when she was dealing with the single-horned wild bull, the poison-striped twin-tailed Python would sneak attack her. However, the Python was a little tricky on the cliff. She had to lure it down and then think of a way to lure it into the forest. She was on the tree and it was under the tree. That way, she would have a certain geographical advantage. Yes.., that was the plan. Yun Chujiu had rested enough and returned to the bottom of the cliff. The Python was resting in a cave on the cliff. When it smelled Yun chujiu's scent, it poked its huge triangular head out from the cave. "Hey, you coward. Do you dare to fight me for 300 rounds?" Yun chujiu shouted with her arms akimbo. The poison-striped twin-tailed Python spat out its tongue and ignored Yun chujiu. It was puzzled in its heart. was that stupid bear killed by the little girl? "It looks like an earthworm. With your looks, how can you be called a Demon Beast? I think you are worse than a real beast!" "You are such an ugly monster. I can't even eat for half a month just by looking at you. You are so ugly that you have reached a whole new level. No wonder you have been staying on the cliff. You are really self-aware. If you were to go down to the ground, all the flowers, plants, and trees would probably die from your ugliness!" "You even made a pattern on your body when you were free. Bah! Ugly people are always causing trouble. You are so stinky that you don't even want a snake's face!" .. How could the poison-striped double-tailed python withstand Yun Chujiu's provocation? It climbed down the cliff with its tongue sticking out. From Afar, one could smell the fishy smell. Seeing the poison-striped double-tailed Python climb down, Yun Chujiu ran into the forest. The poison-striped double-tailed Python followed closely behind. Yun chujiu slipped into the forest and climbed to the top of a tree. Yun chujiu thought that the poison-striped twin-tailed Python would also climb up the tree. Then, she would be able to use her spiritual power to attack the eyes of the poison-striped twin-tailed python. However, she did not expect that the huge body of the poison-striped twin-tailed Python would swing and the thick tree would actually be split into two. Yun chujiu was so scared that she quickly used the sticky silk to wrap around another tree. Then, she climbed up the tree. The eyes of the poison-striped twin-tailed Python revealed a look of contempt. With another swing of its tail, the tree also broke, it was as if the tree was not a big tree but a small grass. Yun chujiu secretly cursed in her heart. She originally thought that she was thinking of a clever idea, but now it seemed that she was being smart. This small forest was not big, and it would not be long before the thick and strong trees here were knocked down, at that time, she would have no way to escape. What should she do? Xiao Heiniao's curse had already been used up. Moreover, this poison-striped twin-tailed python did not have legs, so there was no such thing as wrestling. The ball of wool had just used up more than half of its sticky thread to deal with the diamond-splitting Earth Savage Bear, she could not use it again unless it was an emergency. Although Yun Chujiu tried her best to think of a way, when the small forest was completely destroyed, she still could not think of any good ideas, so she could only try her best to escape. Although the poison-striped twin-tailed Python had no legs, its crawling speed on the ground was faster than Yun Chujiu's running

speed. Soon, it caught up with Yun Chujiu and spat out a large mouthful of venom at Yun Chujiu with its bright red tongue.
