

## The Yun Family's Ninth Child is an Imp! Chapter 1159

Dean Huangfu and the others also looked towards the trial tower. Indeed, the third level of the trial tower lit up! Dean Huangfu could not help but exclaim, "Only those at the sixth level of the spirit Saint Realm can pass through the second level of the trial tower. How did Yun Chujiu do it? This is too unbelievable!" Di beiming originally wanted to insist on entering the trial tower, but when he saw this, he suddenly had a thought. Little Nine had the great void mystic realm to eat and drink without any worries. Moreover, the trial tower was not really dead.., this might be Little Nine's fortuitous encounter. He should wait for a while before deciding whether to enter the tower of trials. "Dean Huangfu, I've changed my mind. I'll cultivate in front of this tower. I'll wait for a while before deciding whether to enter the tower." Dean Huangfu naturally wanted this. If di beiming didn't come out for a while after entering, the hall master's wife would have to run over to him and ask for him. Xue Wuji rolled his eyes, "Since di beiming is waiting here, then I will wait here too. Anyway, it's the same wherever I cultivate. It's just that those idiots are getting annoyed just by looking at me. Tell them to get lost and don't disturb me." The corner of Dean Huangfu's eyes twitched. He did not need to give any orders. They saw the kick that you gave Yin Sulian. If they came, they probably would not dare to come close. When Dean Huangfu thought of this, he removed the isolation array. The people watching from afar saw that his excellency and Young Master Wuji were sitting cross-legged in the empty space in front of the trial tower. They were even more puzzled. "What's going on? Why did his excellency and Young Master Wuji come to the trial tower to meditate?" "Did they have a sudden epiphany?" "How is that possible? If they had an epiphany, it's impossible for them to have an epiphany together!" "Could it be that they are waiting for Yun Chujiu to come out of the trial tower?" "Hahaha! Your joke is not funny at all. Let's not talk about your excellency and Young Master Wuji's identity. Why would they wait for a Puny Yun chujiu here? Most importantly, do you think Yun Chujiu can still come out?" "You're right. I really can't figure it out!" .. At this moment, a student exclaimed, "Look! The third level of the trial tower lit up! Could it be that Yun Chujiu made it to the third level?" Everyone's attention was on di beiming and Xue Wuji just now. Only then did they realize that the third level of the trial tower actually lit up. How was this possible? Wasn't Yun chujiu only at the first level of the spirit sect? She was lucky enough to get to the second level, but how did she manage to get to the third level? Just when everyone was surprised that Yun Chujiu managed to get to the third level, the fourth level actually lit up! Everyone immediately exploded! Heavens! This was impossible! There must be a problem with the trial tower. The third level only lit up for an hour at most. How Could Yun chujiu clear the third level in such a short time? Teacher Mou jumped up in shock. "Impossible! How is this possible? ! She, she actually used only an hour to clear the third level of the trial tower. How is this possible? !" Xue Wuji glared fiercely at teacher Mou and said in a low voice, "Little Sister Jiu is much more powerful than you think! You are a snob!" Teacher Mu was immediately dispirited and did not say a word. Dean Huangfu looked at the trial tower, but his heart was shocked. This Yun Chujiu was really unexpected! She actually managed to break through to the fourth level of the Spirit Sect's fourth level, and it only took her an hour to break through to the third level. How did she do it? Perhaps, Yun chujiu could break through to the ninth level?
