

The Yun Family's Ninth Child is an Imp! Chapter 1166

Outside the trial tower, it was currently late at night. Most of the people had left, and only a few people were still standing outside to watch. Suddenly, teacher Mou's roar caused everyone to tremble in fear. "The sixth level! The sixth level! Yun Chujiu!" Teacher Mou was so excited that he shouted until his voice cracked. The sound of the silent night spread across almost half of Tianyuan Academy. Everyone looked up and sure enough, the sixth level of the trial tower lit up. Although everyone was very excited, they seemed to be somewhat numb at this moment. After all, Yun Chujiu, who was on the first level of the spirit sect, was already surprised enough to rush to the fifth level. The sixth level, well, it was actually nothing. Some people even felt that the trial tower that Yun Chujiu encountered must be a fake trial tower. Otherwise, why would our spiritual power be so much higher than hers and not even be able to pass the first level? Right! The trial tower that she encountered must be a fake trial tower. It must be like that! Yun chujiu was not as relaxed as they were now. She had not been able to rest for the past few days. Regardless of whether it was her physical strength or her brain power, they had already reached their limits. However, the situation before her did not allow her to even have a moment to catch her breath. There was an incomparably scorching sun above Yun Chujiu's head, and under her feet was an endless desert. Fortunately, Yun chujiu had the cool beads that the guai Cao gave her, so she was not roasted into dried meat. However, at this time, the two ghost-faced golden-backed centipedes at level 26 were attacking her crazily, not giving her a chance to speak at all. Level 26 was equivalent to the third or fourth level of the spiritual venerable realm of humans, so Yun Chujiu was no match for them. Yun Chujiu's only advantage was that she was not afraid of the venom they spat out, so she barely managed to hold on for a short while. However, after the two ghost-faced golden-backed centipedes realized that the venom was not easy to use, they began to stab Yun chujiu with their sharp antennae. The antennae of the ghost-faced golden-backed centipedes were harder than fine iron, emitting a faint blue light, not only were they sharp, but they were also poisonous. Although Yun Chujiu was agile, the difference in her spiritual power was too big. One of the ghost-faced golden-backed centipedes' antennae accidentally stabbed her left leg, and blood immediately flowed out. Yun chujiu grimaced in pain and thought, I'm done for. I'm afraid I Won't be able to pass this test. Damn it, I'm really unwilling to die in the hands of such an ugly bug! If I had known this would happen, I would have stayed in the vine forest. It would have been better if I had food and drink! However, this fellow was only thinking about this. His hands were not idle, and he even let Xiao Heiniaio curse him once. He inserted a few purple needles into the left eye of one of the golden-backed centipedes. Damn it, even if I die., don't even think about having a good time. The ghost-faced golden-backed centipede was injured, and it became even more ferocious. One of its tentacles once again pierced Yun chujiu's right leg. Yun Chujiu's eyes were bloodshot. She was going all out! This fellow was really ruthless. He did not pull out his right leg. Instead, he used his right leg to restrain the ghost-faced golden-backed Centipede's tentacles, making it unable to move freely, a few more purple needles pierced into the right eye of the ghost-faced golden-backed centipede before he pulled out his right leg. Yun chujiu raised the rolling pin and was about to smash the ghost-faced golden-backed centipede. At this moment, another ghost-faced golden-backed centipede pounced on her. With a sweep of its tail, it sent Yun chujiu flying! Yun chujiu only felt that her ribs were about to be broken. She spat out a mouthful of blood. Before she fainted, Yun Chujiu thought to herself, 'damn it, I still need

to have strong spiritual power...' She was afraid that she would not be able to pass this test by relying on her words and intelligence!
