

The Yun Family's Ninth Child is an Imp! Chapter 1167

Yun chujiu fell to the ground. Fortunately, she was in the desert, so she would not be hurt if she fell. However, this fellow was seriously injured and had already fainted. The ghost-faced golden-backed centipede crawled over fiercely. Its sharp antennae flashed with a cold light and was about to stab Yun Chujiu's chest. At this moment, the black bead in Yun chujiu's Dantian suddenly trembled. Yun chujiu woke up from the intense pain in her Dantian. Seeing the ghost-faced golden-backed centipede coming towards her, she hurriedly rolled on the ground, only then did she dodge the ghost-faced golden-backed Centipede's tentacles. The ghost-faced golden-backed centipede did not expect Yun chujiu to still be able to move after suffering such a serious injury. It was shocked and stopped for a moment. Yun Chujiu took advantage of this gap and summoned the five immortal swords that she had not used for a long time. She gritted her teeth and added three more immortal swords. A total of eight immortal swords attacked the ghost-faced golden-backed Centipede's weak spot. The ghost-faced golden-backed centipede was shocked. It had seen that a cultivator could only command two immortal swords at most. Moreover, they were small and exquisite double swords. How could this little girl command eight great swords at the same time? Yun Chujiu commanded the eight immortal swords to entangle the ghost-faced golden-backed centipede. She took out a super-grade blood coagulation pill and swallowed it. With the effect of the Guai Cao and the pill, Yun Chujiu's injuries were soon healed. In just a short while, the eight immortal swords could no longer stop the ghost-faced golden-backed centipede. The ghost-faced golden-backed centipede slapped the eight immortal swords away, and its sharp antennae stabbed towards Yun chujiu again. Yun chujiu had no choice but to put away the immortal swords and attack the ghost-faced golden-backed centipede again with the Purple Needles. However, this ghost-faced golden-backed centipede was much smarter than the other one. It protected its key parts and did not give the purple needles any chance to attack, Yun Chujiu's left leg was once again pierced by the ghost-faced golden-backed Centipede's tentacles. Yun chujiu used the same trick again. She endured the intense pain and used her body to delay the ghost-faced golden-backed Centipede's movement. Several small purple needles shot directly at the ghost-faced golden-backed Centipede's eyes. Although the ghost-faced golden-backed centipede used its other tentacle to hit away a part of the small purple needles, there were still more than ten small purple needles that pierced into its eyes. After Yun Chujiu broke away from the ghost-faced golden-backed Centipede's tentacles., the small purple needles exploded, and the ghost-faced golden-backed centipede roared in pain. The ghost-faced golden-backed centipede went berserk. Although its eyes were severely injured, it still pierced its other tentacle into Yun Chujiu's chest. Yun Chujiu's entire body was hung on one of the tentacles of the ghost-faced golden-backed centipede. The ghost-faced golden-backed centipede let out a shrill cry and opened its big mouth, wanting to Swallow Yun chujiu into its stomach. Yun Chujiu's eyes were red. Damn it, do you want to eat me? I will kill you even if I have to risk my life! Yun Chujiu opened her mouth to the ghost-faced golden-backed centipede and released several small purple needles. Following the explosion of the small purple needles, the ghost-faced golden-backed centipede began to roll on the ground. Yun chujiu was also constantly thrown around, the wound on her chest became bigger and bigger. Yun Chujiu felt that she was really going to die this time. Although it was not true death, the feeling was really unpleasant. Finally, the ghost-faced golden-backed centipede stopped moving. Its body

disappeared, and the tentacles that were inserted into Yun Chujiu's body were also gone. However, the wound was still there, and Yun Chujiu passed out. Guai Cao kept repairing Yun Chujiu's wound. This little girl was really ruthless. She actually used her own body to balance the stinky centipede. In the past, when she said that she wanted to cut open its abdomen to kill it, it thought that she was just trying to scare it, now, it seemed that this girl could really do it. In the future, when it and she could not coexist, she might really destroy both jade and stone. This grass was very worried!
