

The Yun Family's Ninth Child is an Imp! Chapter 117

Just when everyone thought that the Qingyun Group had lost all hope, they saw that the black girl stopped running and squatted in front of a bunch of wild flowers. She did not move for a long time and seemed to be in a daze.

After a while, she ran to another group of wild flowers and continued to be in a daze.

Everyone was puzzled. What was the black girl doing? Admiring the flowers? Wasn't this too much of a bad time? How Big Was Her Heart? The battle was raging over there. Where were you enjoying the flowers?

The black girl shouted something at the six people over here. Then, these people acted like cats playing with mice. It seemed like they were using up the strength of the ironbone bear, but more like they were stalling for time.

Elder Qu curled his lips. "Stupid! Don't tell me they think that they will pass this round of assessment when the time is up? They really look down on this elder's wisdom!"

Everyone felt that elder Qu's words made sense. This time, the black girl had guessed wrongly.

The black girl was still in a daze as she ran through the flowers. Then, she stood beside a bush of wild flowers, holding a small dagger, and shouted a few words at the six people.

At this moment, the two ironbone bears were almost befuddled by the teasing. Two of them ran towards the direction of the black girl, while the remaining four people ran in pairs, intentionally leading the ironbone bears to run towards the other two directions.

Everyone in the meeting hall was a little confused. What was going on? What did the black girl want to Do?

Soon, the four people also stopped in their tracks. Then, the black girl shouted something, and the four people finally ended the lives of the two ironbone bears.

“Eh? Elder Qu, what do you think this black girl is doing?” One of the elders asked in puzzlement.

Elder Qu did not know why, but he had an ominous premonition in his heart. He said perfunctorily, “HMPH! She’s just trying to be mysterious! Once they split up, she’ll die even faster this time!”

Before elder Qu finished speaking, everyone let out a wave of exclamations.

“Oh my God! This, this, this, how could this be?”

“Ah, no wonder the black girl ran back and forth earlier. So there’s a reason!”

“This is really too unexpected! Interesting! Interesting!”

“Heavens, it can be like this? The black girl is really too sneaky!”

“Elder Qu, this round of the test was ruined by the black girl! hahaha!”

..

Elder Qu focused his eyes and almost fainted from anger! The second round of the test that I had racked my brains for was actually played by the black girl. This is simply too embarrassing!

I saw that the clear sky group was divided into three groups, each group guarding a bush of wild flowers.

After the Ironbone Bear's corpse disappeared, another ironbone bear appeared from the bush of wild flowers. Before the ironbone bear could react, the weapons of the clear sky group came slashing at it.

One person specialized in piercing the eyes, while the other specialized in poking the anus.

The Pitiful Ironbone Bear lost most of its life before it could react. In the time it took for half an incense stick to burn, it had already killed an ironbone bear.

After repeating this over and over again, it was likely that the technique had become more proficient and it did not even take half an incense stick's time.

"Impossible! Impossible! How did the Black Lass know that the ironbone bear would appear from these three wild flowers? !" Elder Qu was so angry that he was hopping around. He felt that he had really lost a great deal of face this time!

The members of the clear sky group were like whac-a-mole. Not to mention ten rounds, even twenty rounds would not be a problem! ! It was really too easy, wasn't it? !

Everyone was also discussing animatedly. How did the Black Lass discover the location of the formation's Eye? The wild flowers on the plains weren't just those few bushes. How did she find it all of a sudden?

"It's probably related to her previous actions. This old man is also very curious. I can only wait until the test is over to ask the Black Lass!" Serene Peak master saw that the clear sky group's performance wasn't bad and spoke with pride.

Elder Qu felt that he had nowhere to put his old face. He said angrily, "So what if they passed two rounds? ! There's still a third round! They definitely won't pass the third round! "
