

The Yun Family's Ninth Child is an Imp! Chapter 1174

At this moment, Yun Chujiu was surrounded by thousands of skeletal puppets. She had activated her spiritual energy shield so that she would not be corroded into white bones by the faint blue light. However, her spiritual energy was limited and she could not last for long. What should she do? Should she use those defensive spiritual weapons? However, that was only a temporary solution. When the defensive spiritual weapons were exhausted, she would still have to die. She had to find the weak point of these white bone puppets. However, she had never read any records about them before. They were all made of white bones and did not have any weaknesses like demon beasts, how could she "Kill" them? Originally, these were scattered bones. Something must have gathered these scattered bones back into the shape of a human or a beast. If that thing was destroyed, the white bone puppets would naturally be no threat, but what was this thing? Could it be the faint blue light on the white bone? But where did that faint blue light come from? Yun Chujiu felt that she had entered a dead end. Her head hurt from thinking, but she could not think of a solution. At this time, the spiritual energy barrier had been corroded countless layers. At most, in fifteen minutes, the spiritual energy barrier would be broken through. Yun chujiu gritted her teeth. It seemed that she could only use the defensive spiritual tool first. No matter what, she had to hold on until dawn. Then, she would have an entire day to think of a solution. Just as Yun Chujiu was about to use the defensive spiritual tool, she felt a slight pain in her dantian. Yun chujiu looked inside her Dantian and found a strange grass swaying in the air. It was guai Cao. Although the guai Cao could not speak, Yun chujiu could roughly guess what it meant. "You mean you want me to open the spiritual energy shield? Do you have a way to deal with these skeletal puppets?" Yun Chujiu asked in disbelief. The guai Cao was swaying in the air. Yun chujiu was so angry that she wanted to die. Damn it, Gou Weiba, if you have a way to deal with it, you should have told me earlier. I was so worried that my hair turned white! However, she still had to use the guai Cao to do her work. Although Yun Chujiu wanted to strangle the guai Cao to death., however, she still pretended to be pleasantly surprised and said, "Really? I knew that you are not an ordinary grass. Any immortal grass is not even one-thousandth of yours! I just need to remove the spiritual energy shield?" The Guai Cao was dizzy from Yun Chujiu's praise. Its leaves were slightly curled up. Yun chujiu cursed in her heart when she saw it and even played a little shyness with it. You better get rid of these skeleton puppets. Otherwise, I will teach you a lesson! Yun chujiu gritted her teeth and removed the spiritual energy barrier. Then, she focused all her attention on guai Cao's attack. However, after a long while, until the skeletal puppets pounced on her, the damn guai Cao did not move at all! The faint blue light on the skeletal body began to gather on Yun Chujiu's body. Yun chujiu really wanted to chop the dog's tail into pieces and feed it to the pigs. This time, she could be considered to have been tricked to death by it! When she comes back to life, I will definitely curse it to death! Qi Ling, who was lying on the ninth level of the tower of trials, was jumping and jumping with joy. This smelly girl was finally going to die! In the past, all the people who came to challenge the trial had died hundreds of times. This girl's spiritual power was so low, yet she managed to reach the eighth level by relying on her dog Sh * t luck. This was simply a slap to my face! Hahaha, in just a few dozen breaths, this smelly girl will turn into a skeleton! Then, I will let her be resurrected to a few dozen breaths ago, and then become a skeleton again, letting her continuously enjoy the taste of death. TSK TSK, this Qi Ling is really too mischievous!
