

## The Yun Family's Ninth Child is an Imp! Chapter 1176

Trial Tower, ninth level. When Yun Chujiu regained her sight, she realized that the environment she was in this time was even more pleasant. There were exotic flowers and plants everywhere, and there were also many fruit trees. They were filled with ripe spirit fruits that emitted a strange fragrance. This fellow did not stand on ceremony. He picked a few of them and began to chew on them. In any case, he could not poison her to death. Needless to say, the taste of these spirit fruits was really not bad. Yun chujiu, this fellow, never knew what it meant to be reserved. She began to stuff them into her storage ring. Perhaps these spirit fruits were not formed by the formation. How about she dig the tree away as well? Thinking of this, Yun Chujiu took out her pickaxe and began to dig the tree. Qi Ling, who was hiding somewhere, was about to go crazy from anger! Those spirit fruit trees were real! However, it did not dare to go out, afraid that Yun Chujiu would catch it. Without the protection of the array formation, Qi ling was very weak and was no match for humans and demonic beasts. Yun chujiu dug a few spirit fruit trees and kept them in her storage ring. She continued to walk forward. There were pavilions and pavilions here, just like a back garden. However, other than plants, there was no other living thing. Yun chujiu cursed in her heart. She did not know what kind of test this damn qi ling had set for her. It was probably not a simple test. Yun Chujiu took a few more steps forward and suddenly saw a woman walking towards her. Yun chujiu stood stiffly on the spot. Yun Chujiu's eyes welled up with tears. She knew that this was probably an illusion set up by the Qi Ling, but she still could not help but walk towards the woman. The woman's face was cold, and the corners of her eyes and brows were ice-cold. When she saw Yun Chujiu, she raised her eyebrows. "Beggar, you're still alive? It seems like you're living quite well. Indeed, if you're thick-skinned, you can do well anywhere!" "Dear Qi Qi, long time no see. Can't You Say Something Nice? "Let me tell you, everything here is different from our place. It's extremely fun. For example, this storage ring can store many, many things..." Yun Chujiu said as she held the woman's arm. "Get lost!" Although the woman snorted in disdain, she still did not break free from Yun Chujiu's arm. Moreover, her eyes became gentler. Yun chujiu held the woman's arm and went to a pavilion. After the two of them sat down, Yun chujiu was like a child. She began to show the woman the things in the storage ring and all kinds of spiritual attacks. "Qi Qi, don't think that my purple needles are unremarkable, but look, after I give the order, they will explode. Isn't it similar to dynamite? "But this thing is much more environmentally friendly than dynamite! "If I had this ability in the past, I wouldn't have let you help me block so many dangers. I wouldn't have let you, let you..." Yun Chujiu said until here, she couldn't continue. She lay on the table and cried out loud. Yun Qi, the cold-looking woman, said indifferently, "You're just a stinking bag. So what if you have more scars on your body?" Yun chujiu wiped her tears. "You know that's not what I'm talking about. If you hadn't helped me time and time again, Yun Ling wouldn't have had a grudge against you. You wouldn't have become as cold as you are now." Yun Qi's expression changed slightly at the mention of Yun Ling, however, she returned to her cold expression in an instant. "Little jiu, even if I didn't help you, he... he would have separated from me because a person like him only has ambition in his heart. I'm not suitable for him."
