

The Yun Family's Ninth Child is an Imp! Chapter 1184

The next day, Yun Chujiu woke up feeling refreshed. Only when there was a comparison would there be a difference. Initially, she did not think that there was anything good about these ordinary days. However, after a month in the trial tower, she felt that these days were simply too comfortable! Yun Chujiu had a simple breakfast and rushed to dean Huangfu's study. Dean Huangfu was waiting anxiously. He was extremely curious. How did Yun chujiu pass the nine-story trial tower? This was too mysterious! Yun chujiu had thought of an excuse last night. Based on what had happened, she had cut down the parts that could not be said, and after some processing, there was a new version. Yun chujiu rambled on about the processed version. Dean Huangfu was stunned when he heard it. How did this work? She used a piece of red cloth to kill a level 22 single-horned bull? She used her mouth to kill three level 25 bloodthirsty wolves? However, this little girl was really ruthless. She didn't hesitate to cripple her own legs and killed two ghost-faced golden-backed centipedes. However, the level of the Demon Beasts Yun Chujiu encountered was indeed lower than the normal ones. It was probably because the weapon spirit of the trial tower thought that her spiritual power was too low and didn't pay much attention to her. How would dean Huangfu know that Yun Chujiu had already gone through the process. Dean Huangfu asked some more details. Yun Chujiu was a good liar, so she naturally answered all the questions. "Then you should go back to class. Although you have delayed for a month, you have already mastered the materialization of spiritual power, so it's not a big deal. Cultivate well and try to get a good result in the mid-year competition one month later." Dean Huangfu said with a smile. After Yun Chujiu thanked him, she hopped out of Dean Huangfu's courtyard. Dean Huangfu looked at Yun Chujiu's back and scolded with a smile, "This little girl must have hidden a lot of things. However, she's really a monster to be able to pass the ninth level of the fourth level of the Spirit sect!" Di beiming and Xue Wuji cultivated outside the trial tower for another five days before they left. Before they left, they looked as if they had understood something. Only then did everyone understand that the two of them had really come to the trial tower to look for opportunities. Could it be that cultivating outside the trial tower could really achieve twice the result with half the effort? From then on, there were often people meditating outside the trial tower to cultivate. A blind cat met a dead rat, and there really was a person who had broken through! Hence, the rumors became even more miraculous! There were many people meditating outside the trial tower every day. Teacher Mou, who knew the truth, secretly pursed his lips. These bunch of idiots were really stupid. Yun chujiu even specially apologized to teacher mou afterward, saying that she had troubled Yun Yun. The resentment in teacher Mou's heart also vanished into thin air. When Yun Chujiu came to the trial tower again., her attitude was so amiable that it was like the spring breeze in March. On this day, when it was the day of rest, Yun Chujiu recalled the matter that di beiming had mentioned and came to Long Wind Inn eagerly. An Feng and shopkeeper Qi had not seen Yun chujiu for a long time. An Feng brought Yun Chujiu to the secret room where an elder was waiting. "Miss Jiu, this is elder Xu from the Temple of Immortals. He is good at medicine. Please let him take her pulse!" An Feng said. There were not many men and women in the Tianyuan continent, so elder Xu took Yun Chujiu's pulse and became worried. Yun Chujiu was shocked in her heart. Could it be that she really had some hidden illness?
