

The Yun Family's Ninth Child is an Imp! Chapter 1185

"Elder Xu, could it be that there is something wrong with my body?" Yun Chujiu asked a little nervously. Elder Xu Sighed and rambled on. The conclusion was that Yun Chujiu's body was lacking in blood and Qi, which was why the sunflower water did not come. Elder Xu gave Yun Chujiu a long formula for nourishing her body. On it were all spirit herbs that could nourish the blood and Qi. He asked Yun Chujiu to take a look first and check it again in a month. Yun Chujiu returned to the Tianyuan Academy and told Di Beiming Elder Xu's conclusion. Then, she added, "Prince Charming, I don't know why, but I feel that it's not that simple." Di Beiming comforted her, "Little Jiu, you don't have to worry too much. If it really can't be done, I still have my master. Everything will definitely be fine." Yun Chujiu thought for a while and threw this matter aside. Because now, there was an even bigger problem in front of her. There was less than a month before the mid-year competition, but the students of the Huang class had been delayed by teacher Zhou, and their foundation was worse than the previous three classes, therefore, the mid-year competition was really a difficult hurdle. As the class monitor, she had to do something. Yun Chujiu asked the third group to gather all the information about the mid-year competition. After she looked at it, she found that the so-called mid-year competition was not a one-on-one battle on the competition stage, instead, all the first-year students would be thrown into a place, and then according to the requirements, they would pick spiritual herbs or hunt demon cores. According to the ranking of points, the last fifty students would be eliminated. Yun Chujiu blinked her eyes and immediately had an idea. During the mid-year grand competition, when everyone entered, they would not be separated. When the time came, she could distribute all the items equally, this way, although everyone's ranking was not high, they would not be eliminated. Yes, that was the plan! After solving this difficult problem, Yun Chujiu felt much more relaxed. She remembered that she had not seen the dry old man for many days, so she hopped into the library. "Senior, senior, I'm Here!" Yun Chujiu said loudly when she reached the eighth floor of the library. "So what if you're here? What are you shouting for?" The Dry Old Man appeared out of nowhere and berated her with an unhappy face. Yun Chujiu was stunned when she saw the old man. Although the old man was dry in the past, he was full of vigor. Why did he become so dispirited after not seeing him for a month? It was as if the vitality in his body was rapidly draining away. "Senior, What's wrong with you? Are you poisoned or is your old illness acting up?" Yun Chujiu asked with concern. The dried-up old man's face darkened, then, he scolded, "I'm fine, how could I be poisoned or have an old illness? ! It's better to study your ancient characters properly! You're so stupid, you haven't managed to study much after such a long time! Come here quickly after class!" The dried-up old man said fiercely, thinking to himself, if the little girl still couldn't learn it, it would be too late. I'm afraid I Won't be able to last more than a month. Yun Chujiu blinked her eyes and didn't ask any further questions. She focused on studying the ancient characters. In the evening, after Yun Chujiu left the library, she went straight to dean Huangfu's courtyard. "Dean! Dean! Why does the dried-up old man in the library look like he's going to die? is he poisoned or suffering from an old illness?" Yun Chujiu asked directly when she saw Dean Huangfu. The corner of Dean Huangfu's eyes twitched. This little girl spoke too rashly. What did she mean by looking like she was about to die? Can't you be more tactful?
