

The Yun Family's Ninth Child is an Imp! Chapter 1186

Dean Huangfu sighed and said, "Old Jiang's injury is an old illness, and he has yet to find the missing spirit herb, so I'm afraid he doesn't have much time left! "If not for his old illness, Old Jiang wouldn't have been holed up in the library all this time." "What kind of spirit herb is missing? I can't believe I haven't found it!" Yun Chujie asked curiously. With the strength of the Tian Yuan Academy, how could they not be able to find it? "The Primordial Chaos Heaven and earth fruit. It is said that this kind of spirit fruit can only be found in ancient times. It is a spirit fruit that is even more precious than the Hun Dun fruit. It is almost a legendary existence. "Sigh, all these years, we have tried our best and mobilized all our strength to search for it. However, there is still no news. I'm afraid that this primordial Chaos Heaven and earth fruit has already gone extinct in the Tian Yuan continent." Dean Huangfu Sighed and said. "Primordial Chaos Fruit? What does that fruit look like? I'll get my Prince Charming to help look for it." Although she had not known the dry old man for long, he was still half her master, so she naturally did not want to let him die just like that. Dean Huangfu took out a picture book from his storage ring, flipped to a page, and handed it to Yun Chujie. "This is the primordial chaos fruit. It is said that after eating it, not only will one's spiritual power increase greatly, but it can also cure many chronic diseases." Yun Chujie took the picture book from Dean Huangfu, and was stunned after reading it! This is the Hong Meng Heaven and Earth Fruit? Isn't this the fruit that she ate in the backyard of Xiao Hei's frog? She even put a lot of it in her storage ring, and she even dug up a tree of this kind of fruit! Yun Chujie blinked her eyes. "Dean, are you sure this is really the Hong Meng Heaven and Earth Fruit? Are you pointing it out wrong?" Dean Huangfu snorted in displeasure. "I'm not old yet, how could I be wrong? ! This is the Hong Meng Heaven and earth fruit. Elder Jiang's injuries are only short of this spirit herb. Sigh! I'm afraid it's really extinct!" "Dean, nothing is absolute. Maybe things will turn around! Maybe I'll find this Hong Meng Heaven and Earth Fruit!" Yun Chujie said with a smile. Dean Huangfu Glared at her. "What time is it? You still haven't come to your senses? ! I heard from Old Jiang that he is teaching you ancient characters. You should study hard. I'm afraid that Old Jiang won't be able to hold on for long." "Dean, Please Calm Down. What I'm going to say next might scare you." Yun Chujie said with a smile. Dean Huangfu became even angrier. "I'm already so old. What is it that makes me lose my cool? Just say what you want to say!" "Okay, Dean. Actually, I have the Hong Meng Heaven and earth fruit," Yun Chujie said seriously. Dean Huangfu was stunned at first, then he became furious. "Yun Chujie! It's fine if you usually mess around! But you are still spouting nonsense when people's lives are at stake. How Outrageous!" Yun Chujie pursed her lips, she took out a fruit from her storage ring and waved it in front of dean Huangfu. "Dean, since you think that I'm spouting nonsense, I'll just eat this fruit! I'm thirsty anyway." "It's just a crappy fruit! Just eat it! What are you talking about..." dean Huangfu suddenly snatched the fruit from Yun Chujie's hand and was so excited that he almost jumped up. "This, this, Hong Meng Heaven and Earth Fruit? You, how did you get this Hong, Hong Meng Heaven and Earth Fruit?" Dean Huangfu was so excited that he started stuttering. "The little black frog in the trial tower gave it to me. I couldn't bear to eat it, so I kept it." Yun Chujie would never say that she had already eaten more than ten of them and then dug up the other tree.
