

## The Yun Family's Ninth Child is an Imp! Chapter 1196

Although some people could not bear to see Yun Chujiu and the Huang class people being eaten, they did not have the spare time to sympathize with them. They had to think of a way to save themselves. Yin Sulian suddenly had a thought. The cabins next door were the instructors' cabins. Their spiritual power was stronger, so it must be safer there. Therefore, Yin Sulian wanted to go to the cabins next door, but she found that the cabin door in the hall could not be opened no matter what, it was useless to use spiritual power to attack. At the critical moment, the broken cabin door actually failed. It was really detestable! At this time, the flying spirit tool had already been forced to land on the ground by the nine-toed golden eagles. The Flying Spirit Tool was quickly broken by the nine-toed golden eagles. Although these students tried their best to resist, they still could not escape the fate of being eaten by the nine-toed golden eagles, for a moment, miserable cries continued to ring out. Some students were directly frightened to the point of fainting. "Class, class monitor, you, how did you know that this was an illusion?" A student from the Huang class stammered as he looked at the terrified expressions of those students. "It's very simple! Do you think that Deputy Dean Xiao and Deputy Dean Jiang would say something about leaving early for no reason? They are the teachers leading the team. How could they abandon us? Moreover, that teacher's acting was too fake. At the very least, he had to arrange how the students would fight and how they would escape. How could they retreat after shouting a few times? Most importantly, when we were fighting, the four teachers in charge did not show up. This was very abnormal! Moreover, do you think the spaceship is so fragile? The nine-toed Golden Eagle can break it with just a few claws? The teacher who set up this illusion is really not very smart!" The Huang class members were stunned when they heard that. Compared to their class leader, their brains were like blockheads. Why didn't they think of so much? "Class leader, then how did you know that jumping out of the spaceship was an illusion?" "It's very simple. Isn't the ultimate goal of this illusion to let you die?" "If that's the case, then just take the initiative to seek death. This way, we can end the illusion earlier. Originally, I wanted to earn more spirit stones, but I didn't expect those idiots to actually suspect me. Since that's the case, let them enjoy themselves for a while longer!" Yun Chujiu said while stroking her chin. The people from the yellow class rejoiced in their hearts. Fortunately, they had jumped out together with their class Rep. Otherwise, with their class rep's vengeful character, they might not have been tortured! The people from the Huang class were chatting and laughing. On the other side, Yin Sulian and the others were filled with fear. Cold Sweat was dripping down their faces. They were really venting their anger. They deserved it! I told you to slander our class monitor. You should have been scared to death! Four hours later, those people finally opened their eyes. Then, they looked at the scene in front of them blankly. They were still inside the spaceship. Nothing had changed, however, Yun Chujiu and the people from the Huang class looked at them with disdain. What was going on? Weren't they all eaten by the nine-toed golden eagle? How come they didn't die? Finally, someone exclaimed, "AH, an illusion! What we experienced before was an illusion! Just like the third round of the entrance exam!" Everyone woke up from a dream. So it was an illusion. No wonder they didn't die. Yun Chujiu and the others who jumped off the spaceship earlier than them had already left the illusion? Yin Sulian saw Yun chujiu looking at her mockingly, she could not help but become angry from embarrassment. "Yun

Chujiu! You are too heartless. Since you have already left the illusion, why didn't You Wake Us Up? You just watched us being tortured? You are too cold-blooded!"
