

## The Yun Family's Ninth Child is an Imp! Chapter 120

"Stupid girl! Don't be so pleased with yourself. We didn't have a stable footing just now and were ambushed by you! Otherwise, your little tricks won't be able to do anything to us! Humph! Even if there are only the three of us left, it would still be as easy as flipping over our hands to deal with you!" Liu Qinghua said through gritted teeth.

Yun Chujiu curled her lips. "Stop bragging! Isn't the Ironbone Bear Stronger Than You Guys? The two of us dealt with one, but didn't we still kill dozens of them? Moreover, I didn't even need to make a move."

Hearing Yun Chusi's words, Yun Chujiu and the others couldn't help but feel a little guilty. Little Jiu, the Ironbone Bear didn't know how to protect its anus. These people all knew that! Moreover, they couldn't beat the Gophers now. They really couldn't beat them!

Liu Qinghua and the other two were stunned at first, and then they laughed out loud. "You're really not afraid of bragging. Go!"

"Fourth brother, fifth sister, you guys deal with that Fatty! Sixth Brother, eighth brother, you guys deal with that skinny guy. Seventh Sister, Qing Si, you two deal with this San Jiaoyan!" Yun chujiu waved her small claws and gave the order instantly.

When Yun Chusi and the others saw Yun Chujiu leave the most powerful Liu Qinghua to Yun Chuqi and Qing si, they couldn't help but be stunned. wasn't she asking for a beating? !

"What are you waiting for? This is Tian Ji's horse race. Go!" Yun Chujiu said fiercely.

Tian Ji's horse race? Yun Chusi and the others didn't know what Yun Chujiu meant, but they were used to listening to Yun Chujiu's command, so they picked up their weapons and went straight to their respective opponents.

“Seventh sister, Qing Si, try to stall this triangle-eyed man. When the other side is finished, we will gang up on him!” Yun chujiu whispered to Yun Chuqi and Qing si.

In the meeting hall, the melon-eating elders were stretching their necks and staring at each other in confusion.

“Has the Black Girl Gone Mad? Is she going to commit suicide?”

“Is it because she thinks that the situation is over and is trying to resist?”

“TSK TSK, although the Qingyun group is not very strong, these people look pretty good, especially that black girl. Although she doesn’t have any spiritual power, she is really smart. I saw that her kicks just now were perfect in both strength and angle!”

“I also noticed it. Look at her black and skinny figure. She can actually send a person flying more than a hundred feet with one kick.”

“She’s borrowing Qiao Jin. This little girl is really smart.”

..

Elder Qu saw that these people went astray as they chatted. His face stiffened. “It doesn’t matter if she’s smart or not. In any case, she won’t be able to pass this round of the test.”

Everyone sighed. Not bad. Although there were only three people left in the all-conquering group, their strength was still higher than the clear sky group. The clear sky group basically had no chance of winning.

“Not necessarily! This lord thinks highly of the Clear Sky Group!” Master Xuanyuan said with a faint smile.

Everyone was puzzled, and elder Qu curled his lips. “Sect master, are you sure you didn’t say the opposite?”

Master Xuanyuan laughed out loud. “Elder Qu, of course I didn’t say the opposite! “! The little girl’s action seemed like a moth to the flame, but in reality, there was a profound meaning behind it. As long as the two weaker ones could really hold on until the other two groups won, then there would only be one person left in the ‘all-conquering’ group. They definitely wouldn’t be able to defeat the clear sky group.”

Only then did everyone come to a realization. The sect master was indeed the sect master. He was more insightful than them. Not bad. If that was the case, then the clear sky group’s chances of winning would greatly increase. Elder Qu was stunned. He had to admit that that black girl was really crafty. However, he said:

“This is just a hypothesis. What if those four people can’t beat the other two? What if those two little girls can’t hold on until rescue? Then the seven little vegetables will be completely useless!”

Everyone felt that what elder Qu said made sense. In the end, could the Qingyun group defeat the strong with the weak?
