

The Yun Family's Ninth Child is an Imp! Chapter 1204

Yun chujiu put her hands on her waist and cursed, "Old man, what are you pretending for? Are you playing amnesia for me? Uncle, beat him up!" Fu Ao smiled bitterly and said, "Little girl, he is not pretending. Some remnant souls will slowly lose their memories after a long time. Judging from the clothes that this person conjured, he should be from the same era as us. Tens of thousands of years have passed, it is inevitable that his memory will be lost." "From the same era as you? Uncle? Then do you know him? Is there anyone surnamed Yin in your era?" Yun chujiu asked curiously. Fu Ao shook his head. "No, but there was indeed a big family surnamed Yin in our era. However, the Yin family is very mysterious. It is said that the Yin family is proficient in the art of puppets, but they have always been indifferent to fame and fortune. If they entered the human world, they would definitely become famous." "Puppets? Oh right, puppets! Where are my puppets? Where are my puppets? who has seen my puppets?" The old man's remnant soul began to shout. Fu Ao sighed. "It seems that this person is really a member of the Yin family. I just don't know why he would appear here." Yun chujiu saw that the old man's remnant soul was crazy and could not ask anything. She simply looked into the coffin. There was no corpse in the coffin, only a small person made of an unknown material and a black thing. Yun Chujiu felt that the black thing looked familiar, so she picked it up and looked at it. She could not help but laugh. wasn't this a fragment of the Great Void Mirror? Could it be that this fragment of the great void mirror had the effect of ensuring that the soul would not disperse? "Uncle, can this fragment of the great void mirror ensure that your soul will not disperse?" Yun chujiu asked Fu Ao curiously. Fu Ao shook his head, "Although the great void mirror is a divine artifact, I've never heard of it having such an effect. I'm afraid that his remnant soul is related to this little person. If my guess is correct, this should be a life puppet." "Life Puppet?" Yun chujiu felt like she was listening to a heavenly book. So what if it was a puppet? Why was there a life puppet? "Life-bound puppet is a secret technique of the Yin family. I've only heard of it. Legend has it that after every member of the Yin family is born, the elders of the family will use their umbilical cord blood to refine a puppet. Such a puppet is a life-bound puppet. The function of the life-bound puppet is unknown, but the reason why his soul doesn't disperse is probably due to the life-bound puppet," said Fu Ao. Yun Chujiu felt that this was too amazing. How could such a small dummy ensure that the soul would not disperse? She did not dare to rashly take the small dummy, but looked at the old man's remnant soul. The old man's remnant soul had already calmed down slightly. He glared at Yun Chujiu fiercely. "What exactly do you want?" "Old Man, look at what you're saying, it's like I'm a bully who robs people of their women! You wanted to kill me, so I had no choice but to resist, okay? "You scared me so much, don't you have to compensate me with something good?" Yun Chujiu said as she shamelessly put the broken piece of the great void mirror into her storage ring. "You! Didn't you already take the broken piece of the Great Void Mirror? I Can't afford to offend you. I admit defeat. I'll send you out and pretend that we've never met before!" The old man's remnant soul said angrily. "That's easy for you to say. You sent me away with just a fragment? I think that little person is quite exquisite. Why Don't you give it to my spiritual pet as a toy!" The old man's remnant soul was so angry that it was twitching. "You, you, I'll fight you to the death!"
