

The Yun Family's Ninth Child is an Imp! Chapter 1208

Yun chujiu was so angry that she gritted her teeth. I'll let you show off, I'll send you on your way in a while! Yun chujiu found a bottle of pills in her storage ring. It was the sleeping powder that she used to deal with the crane group. When the four of them were almost done drinking, Yun chujiu carefully blew the sleeping powder in their direction. Normally, these people would have noticed, but the four of them had drunk quite a lot of wine. Three of them fell to the ground and were fast asleep. The person in charge of guarding the cave was also dozing off. It was not until the cave was filled with the smell of sleeping powder that the person in charge of guarding the cave took a sniff. What was that smell? Not Good! Sleeping Powder! The person suddenly woke up and quickly kicked the three people on the ground. Then, he attacked the place where Yun chujiu was hiding with his spiritual power. After Yun Chujiu dodged, she shot several small purple needles at the person. At the same time, Yun Chujiu released the Xiao Hei Rat, lie Yan, and the three-tailed Fox King, and started to fight with the masked man. Although the three people on the ground also woke up, their combat strength was greatly reduced. Both sides were evenly matched. Yun Chujiu was afraid that the longer the night, the more trouble it would bring. She directly summoned eight immortal swords and stabbed at the masked man. The four masked men were simply scared silly! How could one person's spiritual sense command eight flying swords at the same time? This little girl was really too strange! At this time, the three-tailed Fox King of Lie Yan also roared. The four of them were slightly distracted, and two of them were injured by Yun Chujiu's flying swords.. Fifteen minutes later, the four of them fell to the ground and died. Yun Chujiu was also so tired that she was panting. I'm still too weak. It's so difficult to deal with four little dregs! Yun Chujiu had just put away the four bodies when footsteps came from afar again. Yun chujiu could only hide behind the big rock again. "Why is there the smell of blood? Could it be that something happened to Ma Ping and the others?" Following the voice, another four people walked into the cave. Although Yun Chujiu tried her best to hide her aura, she was too tired just now. Her breathing was inevitably heavy, and she was immediately discovered. The four people who came in exchanged glances with each other, and they launched a spiritual attack at the place where Yun Chujiu was hiding. Yun chujiu had no choice but to activate the defensive spiritual tool on her body. This fellow was very stingy. The defensive spiritual tool on her body was simply more than the Tianyuan Academy's Treasure Vault, but this fellow just couldn't bear to.. now, she had no choice but to activate it. Yun chujiu gritted her teeth. Damn it, it was you who forced me. Today, I will use the defensive spirit tool to smash you all to death! Thinking of this, Yun chujiu directly walked out from behind the rock. She did not dodge the spiritual attacks of the four people at all. Instead, she aimed several small purple needles at one of them. After that person dodged Yun Chujiu's attack, he sneered again and again. "Stinky Girl, you are indeed not dead. However, even if you have a defensive spirit tool, it is useless. It Won't be long before the defensive spirit tool will shatter." Yun chujiu bared her teeth and smiled. "Then let's see whether you guys can hold on for long or my defensive spirit tool can hold on for long. Die!" The four men in black tragically discovered that the defensive barrier on Yun Chujiu's body shattered layer after layer, but there was always a new defensive barrier being formed. Just how many defensive spirit tools did this guy have on him? Yun chujiu was not afraid of attacks, but they were. In particular, Yun Chujiu did not defend at all. She attacked relentlessly, and soon, some people could not hold on anymore! After Yun

Chujiu killed one, she became even more confident. Sure enough, money was a good thing. In the future, she would need to get more defensive spirit tools. This thing was really good!
