

The Yun Family's Ninth Child is an Imp! Chapter 1209

After a while, another black-clothed person was killed by Yun Chujiu. The other two black-clothed people had the intention to retreat when they saw this. There were too many defensive spirit tools on this stinky girl. They had no way to hurt her at all. They might even lose their lives. It was better to leave. They thought well, but how could Yun Chujiu let them escape? This guy blocked the entrance of the cave and didn't give them any chance to escape. When they felt that it was about time, they released Xiao Hei, Lie Yan, and the three-tailed Fox King, she also summoned eight immortal swords and started to fight with the two men in black. Fifteen minutes later, the two men in black also fell to the ground and died. Yun Chujiu was so tired that she collapsed on the ground. She counted with her fingers that she had killed a total of sixteen men in black. She had almost killed half of them. Yun Chujiu's eyes deepened. If they dared to provoke her, she would kill them one by one! The next day, Yun Chujiu changed into the same outfit as the men in black. Then, she wandered around outside. She called it "Fishing". Sure enough, it was very effective. The next day, she killed three more groups of people. After calculating, there should only be four people left. One of them was the masked leader. On the third day, Yun Chujiu met the remaining four men in black as she wished. After the leader of the masked men saw the clothes on Yun Chujiu's body, he asked coldly, "You killed our men?" Yun Chujiu pointed at the clothes on her body. "That's right. Where do you think I got these clothes from? To tell you the truth, your men are already waiting for you underground. Hurry up and go. Otherwise, they will be easily bullied without a leader, right? !" The leader of the masked men was shocked, but he felt that Yun Chujiu must be exaggerating. Perhaps she had killed one or two people, but she, a second level spirit sect cultivator, had killed nearly thirty of his men? This was simply impossible! "Stupid girl, cut the crap and Die!" The leader of the masked men waved his hand, and the other three men in black swarmed forward. The spiritual power of these four men was obviously higher than the previous ones, especially the leader of the masked men. Yun Chujiu found it very difficult to deal with him. However, Yun Chujiu still had a trump card that was useless. Therefore, when the leader of the masked men in Black was fighting fiercely, he suddenly staggered and Yun Chujiu's purple needle arrived! Damn it, I can even kill a level 26 demonic beast, how can I not kill you? ! The purple needle was shot into the head of the masked leader. After the explosion, the masked leader was dead! The other three people saw that the masked leader was killed so quickly and they were flustered. Yun Chujiu summoned eight immortal swords again and with the help of Xiao Hei, Lie Yan, and the three-tailed Fox King., the three of them finally fell to the ground and died. Yun Chujiu put away the four corpses and then laughed out loud. "Humph! You Want to kill me? This is what you get for trying to kill me! Yin haoyu, you old B * stard, just you wait. I will kill you sooner or later!" Yun Chujiu knew that the exit was in the south, so she kept walking towards the south. However, this fellow thought of a crucial problem. This was the mid-year competition. If senior brother Feng Ming and the others went out to deliver the letter, perhaps their results would be affected., she couldn't just go out like this. She had to get some spirit herbs and demon cores. When the time came, she could distribute them to everyone. Yun Chujiu thought of this and began to pick herbs and hunt. However, this fellow felt that it was too slow, so she said, "Gou Weiba, help me lure some demon beasts over. Not Too Many, just a dozen at a time."
