

The Yun Family's Ninth Child is an Imp! Chapter 121

Everyone stared at the shadow stone, only to see that both sides had already engaged in a chaotic battle. Only that little black girl stood by the side and did not stop for a single moment, babbling and babbling. No one knew what she was saying.

Yun Chujiu had already calculated in her heart. Although she could release her spirit energy, the gigolo had said that she could release her spirit energy before she reached the fourth level of spirit enhancement, so she could not reveal it as a last resort. If she really could not do it, she would strike them again., no matter what, she had to enter the spirit flower sect.

“Hey, Triangle Eyes, our group is called San Jiaoyan. What’s the name of Your Group?” Since she couldn’t use her spiritual power, then she would use a little trick.

Liu Qinghua was so angry that he gnashed his teeth. “My name is Liu Qinghua, not San Jiaoyan! Our Group is called ‘Invincible’ !”

“I didn’t ask what your name is. Why Are You So busy reporting your name? You are so Shameless! All-conquering? I think you are the pathetic group!” Yun chujiu put her hands on her waist and jumped around to scold him.

Liu Qinghua was so angry that his face turned green. “Stupid girl, don’t be so proud. After I take care of these two, I will teach you a lesson!”

Yun chujiu bared her little white teeth at him. “La la la, bite me if you have the ability! San Jiaoyan! Pathetic group! You Are Dead!”

Liu Qinghua was so angry that he actually jumped to the side. He got rid of Yun Chuqi and Qing si and went straight to Yun Chujiu. “Stupid girl, I told you to spout nonsense! I’ll Kill You First!”

“Aiya, I’m so scared. Don’t kill me!” Yun chujiu screamed and ran away.

Liu Qinghua was so angry that he was dizzy. He didn't care about Yun Chuqi and Qing si who were chasing him with swords. He just threw a few wind blades at Yun Chujiu.

"Oh my God, you scared me to death. Are you going to Pierce my heart with thousands of arrows? You triangle-eyed man, you are too vicious!" Yun chujiu dodged left and right. It seemed like a close call, but none of the wind blades touched Yun chujiu.

Liu Qinghua was about to throw another wind blade at Yun Chujiu when Yun Chuqi's sword came at him. He had to deal with Yun Chuqi and Qing si who were chasing after him.

When Yun Chuqi and Qing si were about to give up, Yun Chujiu would jump over and provoke them with her words. However, the arrogant Liu Qinghua could not take it and would definitely go after Yun chujiu again.

Therefore, even though Liu Qinghua was much stronger than Yun Chuqi, an hour had passed and he still could not get Yun Chuqi, Qing Si, and Yun chujiu off the stage.

Yun chujiu shouted at Yun chusi and the others, "Hey, fourth brother, you guys have to work harder! The secret medicine that you guys took before should be able to fully exert its effects now. Do you guys feel like your bodies are filled with power?"

Their miserable group is about to be finished! "Kill them, and we can enter the Linghua sect! "Think about our clansmen, they're all waiting for our good news!"

Yun Chusi and Yun Chuwu combined were already slightly stronger than the fatty. Now that Yun chujiu shouted, she suddenly felt her spirit shake, as if her entire body was filled with strength.

The two of them attacked consecutively. The fatty was flustered for a moment and actually lost his footing and fell off the stage.

Yun Chusi and Yun Chuwu wanted to come over and help, but Yun chujiu quickly shouted, "Don't worry about us first. Finish off that Thin Man first, then we'll gang up on this San Jiaoyan."

When that skinny guy saw that fatty had fallen, he immediately became a little timid. In addition, the Qingyun team members became more and more courageous as they fought. It was as if they were on steroids, and soon, they were also kicked under the stage.

When Liu Qinghua saw that Fatty and Skinny Guy lost one after another, he immediately panicked. It was true that he was at level six of the spirit enhancement, but a good tiger could not withstand a pack of wolves. It was over. The situation was over.

Liu Qinghua held on for a short while and jumped off the high platform. He would definitely lose anyway, so it was better to suffer less.

"Little Jiu, we won!"

"Little Jiu, we can really enter the Linghua faction!"

"Little Jiu, we didn't embarrass the Yun Family!"

The members of the Qingyun Group were so excited that tears streamed down their faces. Yes, from the beginning when they did not have any hope, all the way until now, although they were the weakest and no one thought highly of them, they had won! They had relied on perseverance and hard work, and they had won!
