

The Yun Family's Ninth Child is an Imp! Chapter 122

The meeting room was also filled with cheers. "Haha! The Clear Sky Group won! This battle is too exciting! It's really a good example of the weak defeating the strong!"

"Yeah! I didn't expect it! I didn't expect it! A fourth level spirit enhancement, two third level spirit enhancement, three second level spirit enhancement, and a group without spirit energy actually passed three rounds of tests!"

"Yeah, the one who contributed the most was that black girl! Smart, she's really too smart!"

"That's right. It's a pity that this black girl doesn't have spirit energy. Otherwise, her future would definitely be boundless!"

"That's right, peak master you, why doesn't this little girl have spirit energy?"

"It's said that she couldn't absorb spirit energy since she was young. It's indeed a pity!" Although You Feng said so, he was very happy in his heart. No matter what, even if the clear sky group couldn't enter the outer sect, they could at least become odd jobs.

Everyone was chatting and laughing. Only elder Qu and elder Xiao remained silent.

Elder Qu's face was a little embarrassed. He had already said so much, but he didn't expect that the seven noobs would actually pass three rounds of the test.

On the other hand, elder Xiao didn't like Yun Chujiu's style of doing things. He thought that this person was too opportunistic and not practical enough.

However, the two of them had very high statuses, so they didn't really go to the extent of making things difficult for a few juniors.

“I’m looking forward to the next individual test. I wonder if these seven people will be able to enter the outer sect!” An elder said excitedly.

“Only the three hundred people with the best results in the individual test will be able to enter the outer sect. It’s basically impossible for the seven of them to enter.”

“Oh right, elder Qu, what’s the content of the individual test?”

Elder Qu was in a bad mood and said in a muffled voice, “First, we have to climb the ten thousand stone steps at the back of the mountain. Then, we have to take the mental illusion test!”

Everyone could not help but grin. This old man Qu was really ruthless. These people who participated in the test had just entered the third round of the test and were already exhausted. Even if they could climb the 10,000 stone steps and enter the illusion test, their minds would definitely be relaxed and it would be very difficult to pass.

Everyone’s gaze once again focused on the shadow stone. Most of them were still paying attention to the seven members of the Qingyun Group.

The scene in front of Yun Chujiu and the others had already changed from the high platform to the foot of a mountain, the Voice of the test disciple came from the test board. “Congratulations to the clear sky group for passing three rounds of the group Test! For the fourth round of the individual test, the first three hundred people to climb up the steps to the top of the mountain will enter the outer sect.”

Yun Chulu and the others looked at the endless stone steps and wailed, “Oh my god, this looks like there are even more stone steps than the first round of the test. I can’t even lift my legs!”

Yun chujiu glared at them. “There’s no such thing as impossible, only not working hard! If you can’t catch up to me, you can call me big sister from now on!”

After saying that, Yun chujiu opened her legs and ran up the stone steps.

Yun Chulu and the others looked at each other. Little Jiu was the youngest, and she didn't have any spiritual power. Could it be that they didn't have little Jiu's perseverance? Chase!

Yun chujiu deliberately slowed down, so that Yun Chulu and the others couldn't catch up, but she also didn't leave too far behind.

In the meeting hall, everyone was discussing again.

“Eh? I didn't expect that black girl's stamina to be so good! I think she's very relaxed!”

“It doesn't make sense. How can a little girl without spiritual power have such good stamina? ! It's really strange!”

“The other six people are also commendable for their perseverance. They are completely relying on their mental fortitude to hold on.”

“En, they are indeed not bad! They have already climbed more than half of the way up. If they hold on a little longer, they might very well make it into the top 100! This is really unbelievable!”

Just when everyone was full of confidence in the Qingyun Group, a sudden change occurred! The Sky suddenly darkened, and a large patch of thick and heavy Wu Yun quickly gathered in the sky.
