

The Yun Family's Ninth Child is an Imp! Chapter 1221

Two hours later, the entire courtyard looked brand new. Other than the lack of spirit plants, it looked pretty good. Chun Hua and the other three were much more respectful this time, and there was even a hint of fear in them. "Miss Jiu, we're done cleaning." Yun chujiu glanced at them, she opened the isolation disk and said calmly, "Did you hear what someone said? is that why you think I'm a country bumpkin who's easy to bully? Tell us the truth, or I'll draw two little bastards on your faces!" When Chun Hua and the other three heard Yun Chujiu's question, they were shocked, but they did not dare to keep it a secret, they could only tell her the truth, "It was sister Dian Cui. She said that you're far inferior to the other three ladies and that you're just a passer-by. The palace master's wife doesn't like you very much and can't wait for you to make a fool of yourself." "Who the hell is Dian Cui?" "Sister Dian Cui is one of the palace master's wife's four handmaidens. Her status is much higher than ours. She said it when she was chatting with US yesterday." Yun chujiu nodded. "Every time Yin Xinlian and the others come, how do you usually prepare three meals a day?" "The palace master's wife will assign a servant girl to each lady's courtyard. She will be in charge of fetching meals and such. It seems that the palace master's wife has not arranged any servant girls for you." "Which direction is the canteen?" Yun chujiu sneered in her heart. Old Witch, do you think you can make fun of me like this? Let's wait and see! Chun Hua pointed at the northeast corner. "The canteen is in the northeast corner of the Hall of Immortals." Yun Chujiu looked at the northeast corner. There was a faint smoke rising from the kitchen. It was probably the canteen. "Tell me everything about the hall of Immortals. If you are hiding anything, Humph!" Yun chujiu took out a large kitchen knife from her storage ring and waved it in front of the four people. "Miss Jiu, this... This isn't good, is it? If the lady of the temple master finds out, she won't forgive us!" Chun Hua said with a trembling voice. Yun chujiu held the large kitchen knife and rubbed it against her face. "If you don't tell me, I won't tell you. How will my aunt find out? Besides, what secret can you know? It's just something that almost everyone in the temple of Immortals knows. It's not a secret at all! "But if you don't tell us, there will be two more decorations on your handsome faces. Are you going to tell us or not?" Chun Hua and the other three were on the verge of tears. They had originally thought that they were here to bully the country bumpkins, but now they had become the targets of threats! The four of them looked at each other. Yun Chujiu was right. As long as they did not tell them, no one would know that they were the ones who had said it. Moreover, they could just choose some things that they could say. Hence, the four of them explained the basic situation of the temple of Immortals. For example, this was only the back hall of the Temple of Immortals. The venerable one lived in the front hall and usually handled matters in the front hall Di beiming was sent away by the palace master's wife. He probably would not return for ten days to half a month The venerable one was in closed-door cultivation The food in the temple of immortals' canteen was very delicious .. When Yun Chujiu heard that the food in the cafeteria was very delicious, her heart was filled with joy. Oh right, the gigolo had brought her many delicious dishes before. They were probably cooked by the longevity hall. This trip must not be in vain. Chun Hua and the other three spoke until their mouths were dry. There was really nothing more to say, so they said with a sobbing voice, "Miss Jiu, we have told you everything we know. We really don't know anything else!" Yun chujiu naturally knew that they were picky, but she did not

care. She waved her hand, indicating that they could leave. The four of them ran away as if there was a wolf chasing them.
