

## The Yun Family's Ninth Child is an Imp! Chapter 1225

"Miss Yin, please reward me with a muscle revitalization pill. I will definitely repay you well in the future," Liu Ye pleaded after she finished telling her story. Liu Ye waited anxiously for Yin Xinlian's reply. The skin on her face was very delicate. If an ordinary muscle revitalization pill was used, it would definitely leave a small scar. Only by using the muscle revitalization pill would it recover to its original state, and the muscle revitalization pill was a grade 10 pill. A mere servant girl like her could not afford it. Yin Xinlian looked at Liu Ye sympathetically. "Looks are extremely important to a girl. That Yun Chujiu is really too much! "I happen to have a muscle revitalization pill on me that I can give to you, but are you going to swallow it just like that?" Liu Ye gnashed her teeth and said, "Of course I'm not willing, but no matter how useless that Yun Chujiu is, she's still the wife's old friend's daughter. What can a mere maid like me do?" "That's not true. The wife is very displeased with Yun Chujiu. Why Don't You Go and cry to the wife Tomorrow Morning? The wife will definitely make a decision for you. Perhaps the wife will give you the flawless rejuvenation pill. If she doesn't give it to you, I'll give it to you. Anyway, you'll have to apply the flawless rejuvenation pill on your injury within three days so that there won't be any scars." Yin Xinlian put herself in Liu Ye's shoes. Upon hearing Yin Xinlian's words, Liu ye gratefully said, "Thank you, Miss Yin. Liu Ye will never forget your great kindness. I will definitely repay you properly." Yin Xinlian gently said, "I just don't like how Yun Chujiu has humiliated you. There's no need to take it to heart. You should go back and rest first. Tomorrow Morning, you should go and complain to the palace mistress. I believe that the palace mistress will definitely make a decision for you." Liu Ye left with tears of gratitude. Yin Xinlian sneered. What an idiot. However, she could use her to make the palace master's wife have a worse impression of Yun Chujiu. On the first day of coming to the Temple of Immortals, she actually disfigured a maid. Yun chujiu., you're really bold. You're courting death! The palace master's wife was the most protective. Yun chujiu disfigured her maid, so she definitely wouldn't let Yun Chujiu off. When the time came, she would fan the flames again. Perhaps the palace master's wife would chase Yun chujiu out of the Temple of immortals., if she arranged for the Yin family's secret guards to intercept Yun chujiu on the way, Yun Chujiu would definitely die. When Yin Xinlian thought of this, a sinister smile appeared on her face. Xilan, who was at the side, happened to catch a glimpse of it and could not help but shiver. Miss Yin usually looked very gentle and generous, but this look was really too frightening. At this moment, Yun Chujiu had already returned to the courtyard. She opened the food box and began to eat happily. Just after dinner, the sound transmission talisman started to vibrate, di Beiming's voice came from inside, "Little Jiu, I thought that I could accompany you properly. I didn't expect that I would have to go back for at least ten days. If my mother makes things difficult for you, send a message to me and I will take care of it." "Prince Charming, don't worry. Aunty is very good to me. The courtyard that she arranged for me is really good. It's simply too considerate." On the other end, di beiming kept feeling that Yun Chujiu's words were somewhat out of place. His mother would arrange a courtyard for little jiu? It was unlikely, right? "Oh right, Prince Charming, I made a small sum of money on the spaceship. Let me tell you..." Yun chujiu blabbered on about how she earned 450,000 high-grade spirit stones. The corner of di Beiming's eyes twitched violently. Someone as thick-skinned as little jiu could be considered unprecedented! However, his mother had suffered such a huge loss, she probably wouldn't stop!
