

The Yun Family's Ninth Child is an Imp! Chapter 1234

Yin Xinlian's mind went blank. She had never thought that the palace master's wife would think so highly of Yun Chujiu. Since the palace master's wife had already said such harsh words, it was impossible for her to marry into the temple of Immortals Again! However, the fact that the palace master's wife was so angry also meant that Yun Chujiu was dead for sure! No matter what, she had achieved her goal. As for the Palace Lord's wife, she would just have to think of a way to please her in the future. There were no eternal enemies, only eternal benefits. The Yin family was not easy to bully. The Palace Lord's wife stood on the edge of the wasteland and let out a long sigh. Although the little rascal was very detestable, she had never thought of taking her life. She did not expect that in the end, it was because of her miscalculation that she had fallen into a dangerous situation, bei Ming might really not forgive her. Although the hall master's wife blamed herself very much, she had no choice but to let everyone disperse. Of course, Yin Xinlian was basically under house arrest. She was not allowed to leave the courtyard at all. Although the hall master's wife was very unwilling, she could only use the voice transmission talisman to tell di beiming about the matter. After di beiming received the palace master's wife's message, his mind immediately buzzed. He immediately put down the things he was doing and returned to the temple of Immortals, heading straight for the spirit fruit forest. After the palace master's wife received the news, she also rushed to the edge of the spirit fruit forest. She saw di beiming pacing back and forth on the desolate land. However, the strange thing was that nothing like what happened to Yun Chujiu did not happen. He was not sucked in. The hall master's wife was also stunned. "Beiming, this... why is this forbidden land not working?" Although di beiming was dissatisfied with the hall master's wife, he still said, "I don't know what happened either. Originally, I wanted to enter the forbidden land to save little jiu, but I realized that I can't go in!" "Beiming, this is mother's negligence. It's mother's fault. Yin Xinlian and Dian Cui are both locked up by me. If you want to do anything, just do it. Mother won't Stop You." The hall master's wife said in a panic. Di beiming knew that the palace mistress didn't want to kill Yun Chujiu, but even so, he was still dissatisfied. He said indifferently, "Let's first confirm Little Jiu's safety. Sooner or later, I will destroy the Yin family!" The palace mistress felt that Yun Chujiu wouldn't survive, but she still comforted, "Little Jiu has always been blessed with a great life. Moreover, she has many tricks up her sleeve. She will definitely be safe. Otherwise, this forbidden area wouldn't have failed." Although di beiming knew that the palace master's wife was comforting him, he also felt that little jiu would be fine. After all, Little Jiu had encountered this kind of danger many times in the past, and in the end, she had met with misfortune. This time, she would definitely be able to do it. "Beiming, your father will soon come out of seclusion. At that time, perhaps he will have some way to save little jiu. Don't be too sad." The palace master's wife saw that Di beiming did not blame her loudly, she did not overdo it. On the contrary, she was even more worried. This silly boy must not be too stubborn! Di beiming nodded lightly. "Take good care of Yin Xinlian. Little Jiu will find her when she comes out!" No matter how she looked at it, the palace master's wife felt that di beiming's behavior was a little strange. She could only secretly instruct an yin to take good care of di beiming and not ask him to do anything stupid. An Yin secretly felt that their revered lord would not do anything stupid. This was because he was already numb from being scared by the ninth miss. The ninth miss would encounter such a thing once in a while. But what exactly was going on in this forbidden land?
