

The Yun Family's Ninth Child is an Imp! Chapter 1238

Finally, the black bead had absorbed enough. It flew back to Yun Chujiu's forehead with a satisfied expression, and then returned to her dantian. Just as Yun Chujiu was about to interrogate the black bead, Yun Chujiu felt a white light flash in front of her eyes, and then she fell into a warm embrace. "Little Jiu! It's great that you're okay!" Di beiming had been waiting in the forbidden area. When he saw Yun Chujiu being bounced out, he hugged her in his arms. Just as Yun Chujiu was about to get close to Di beiming, she realized that there were two people standing beside her. One was an old witch, and the other was a middle-aged beautiful uncle. This guy said in a reserved manner, "Big Brother Beiming, that must be my uncle, right?" Di beiming was filled with guilt and lovesickness when he heard the word "Uncle". His ears turned slightly red and he let go of Yun Chujiu. "Little Jiu, this is my father. Father, this is little jiu." Di Linhan sized up Yun chujiu without batting an eyelid. Second level of the spirit sect? This was probably not the little girl's True Spirit Energy. The little girl's eyes were bright and it was obvious that she had a temperamental personality. It was the complete opposite of Bei Ming's personality. Di Linhan nodded his head. "Little Jiu, this matter was our longevity hall's negligence. We will give you an explanation." "Uncle, you are being too polite when you say that. We are all one family, we don't need any explanation or anything like that. Isn't that right, Aunt?" Yun chujiu looked smilingly at the madam who was pretending to be an ostrich at the side. "HMPH! It was my negligence this time, I will just give you some compensation! But you little scoundrel, you also have to reflect on yourself. If you are not greedy, will you be framed? How could Ming Zhu and Baili Yan be fine? It's all because you are greedy!" The palace Lord's wife said in a stern manner but in a cowardly manner. "Mother! Little Jiu has suffered so much, don't talk about her anymore." Di beiming said disapprovingly. The palace Lord's wife almost spat out a mouthful of blood. This little brat really forgot his mother when he had a wife. Bah! This little scoundrel would never be the daughter-in-law of our di family! Di Linhan coughed and the lady of the Hall master and Di beiming did not say a word. It was clear that in this family, Di Linhan's position as the head of the family was unbreakable. "Little Nine Lass, I have heard about the matter between you and beiming from the Lady of the Hall of Immortals. Although our position in the hall of Immortals does not need to be consolidated through marriage, but beiming has a lot of guts on his shoulders. I hope that his future lady will be able to help him share the burden. "And you yourself have a heavenly thunder spirit root that the Tian Dao does not tolerate. Not to mention sharing the burden, I'm afraid that you will also implicate Bei Ming." Di beiming was about to argue when Di Linhan waved his hand, he gestured for him not to interrupt him. "Of course, I am not a pedantic person. As long as you can prove that you have the ability to protect yourself, I will not obstruct your matters. "But in the current situation, I really can not be convinced. A mere serving girl is able to put you in danger. Your vigilance is really too poor." Yun Chujiu's heart tightened. Compared to the old witch, this old Fogey was much more difficult to deal with, she said solemnly: "Uncle, you are right. I was really too careless this time. Because things were going too smoothly in the past, my vigilance has been lowered. "However, I will definitely not let such a thing happen again in the future. One day, I will support brother Bei Ming and stand shoulder to shoulder." "Little girl, your tone is not small. Then I will wait and see! How are you going to handle this matter?" Di Linhan asked in a deep voice. "I will naturally kill Dian Cui. As for Yin Xinlian, I can blackmail the Yin family to make some concessions and the temple of Immortals will also

gain a lot of benefits. "As for me, the life and Death Arena will be in a month's time anyway. I will kill her myself." Yun Chujiu said nonchalantly.
