

## The Yun Family's Ninth Child is an Imp! Chapter 1239

"Oh? You're letting Yin Xinlian off just like that? Aren't you feeling indignant?" Di Linhan was a little shocked in his heart, but his expression did not change as he asked. "Indignant? I, Yun Chujiu's enemy, will only be more appeased if I settle it with my own hands. Moreover, Yin Xinlian would only be able to add fuel to the fire at most. Even if she was convicted of the crime, she would not be able to do anything to her. "Why don't we exchange some benefits for the Temple of Immortals? No matter what, the temple of Immortals will belong to Big Brother bei Ming and me in the future. The more money we have, the better." Yun Chujiu said with a smile. The corners of Di Linhan's eyes twitched a little. Was this little lass trying to intimidate him in a disguised way? However, this little lass had quite a good eye for things and she had considered all aspects of the matter. He would have to wait and see. If she could really protect herself and bei Ming liked her, it was not impossible. "We will do as you say. However, how did you get out of the forbidden land? What is the situation inside?" Di Linhan changed the topic and asked the question of the forbidden land. Yun Chujiu's heart turned a few times, she said in a picky manner, "It was like a big egg inside. I looked like Hun Dun had not opened yet, so I took the big kitchen knife and cut it open. Then, I was bounced out. What exactly is that place? "It was deserted inside and there was no sign of life." Di Linhan and the other two were shocked. They did not expect Yun Chujiu to be able to guess the essence of the forbidden area. "Eh? What happened to you guys? Did I say something wrong?" Yun Chujiu asked in confusion when she saw the three of them looking confused. "Little Jiu, the energy of Hun Dun was sealed there. Maybe you broke the array by accident and were sent out." Although Di Beiming felt that this explanation was a little far-fetched, there was no other explanation. Di Linhan also felt that it was a little unbelievable, but since he was fine, then everyone was happy. It was better to deal with the Yin Family First. After Yin Xinlian was placed under house arrest, she used a voice transmission talisman to tell her father about the matter — Yin Qinghua, the head of the Yin family. When Yin Qinghua heard that his precious daughter was under house arrest, he immediately rushed to the temple of Immortals. However, both Di Beiming and the mistress of the palace lord did not have the mood to bother with him and kept him in the guest room. Finally, the guards of the Palace of Immortals came over to invite him. Yin Qinghua brought Yin Xinlian to the guest room. After Yin Qinghua entered the guest room, he saw Di Linhan sitting on the main seat. Di Beiming and the mistress of the palace lord sat on both sides. A young girl was sitting on the chair next to Di Beiming. She should be Yun Chujiu, who had always been against the Yin family! It seemed that she had been rescued from the forbidden area, which made things easier. As long as she was not dead, he could just give her some compensation. "Greetings to the Palace Lord, the Palace Lord's wife, your eminence." Yin Qinghua cupped his fists. Di Linhan was rather polite. "Palace Lord Yin, please take a seat. As I have been busy saving little Jiu recently, I have been neglectful. I hope you can forgive me." Yin Qinghua's face was filled with guilt. "Palace Lord, although my daughter is not the main culprit, but she had unintentionally become an accomplice. I am really ashamed! My Daughter is still young, and I acted a little impulsively. I hope you can forgive me, Palace Lord." Yin Qinghua did not refuse. It was useless to refuse. With the methods of the Hall of Immortals, they would definitely be able to interrogate that maid thoroughly. Although Xinlian did not directly harm Yun Chujiu, she helped to invite her, adding fuel to the fire, it was impossible to get her even if one wanted to.
