

## The Yun Family's Ninth Child is an Imp! Chapter 1241

Yin Qinghua was so angry that he didn't even care about his status. He angrily shouted, "One-fifth of the Spirit Stone mine share? Why aren't you going to rob it?!" "Patriarch Yin, what you said is wrong! What do you mean I'm not going to rob it? The temple of Immortals has always yearned for peace and disdained to rob your things! You were clearly the ones who provoked us, and I asked you to kill me? I asked your daughter to frame me? When you do something wrong, you have to bear the consequences. You are so old, don't you understand that? It's so scary to be uncultured!" Yun chujiu curled her lips, she said disdainfully. "You! You! This is outrageous, you are twisting logic!" "Uncle-in-law, you have seen it too, they have no remorse at all. Otherwise, forget it, they would rather sacrifice their lives than their wealth, and just push Yin Xinlian into that forbidden land, and let her be trapped there for a lifetime!" Yin Qinghua was so angry that he gritted his teeth. He was also an old fox. Naturally, he could see that Yun chujiu's nonsense was tacitly approved by Di Linhan. She wanted to make the Yin family bleed more. Di beiming had not said anything all this while. At this moment, he said indifferently, "Patriarch Yin, my men accidentally discovered a secret of your Yin family. Perhaps the GUI yuan sect, medicine valley, and the blood demon sect would be very interested." When Yin Qinghua heard this, he was immediately shocked. Impossible! Could it be that di beiming had discovered that matter? Impossible! "Patriarch Yin, every faction will do something like planting a spy. Originally, it's not a big deal. However, destroying the other party's protective array, isn't this a little too much?" Di beiming said coldly. Yin Qinghua almost fell to the ground. He actually knew that if this matter was found out by the other factions, their Yin clan would become the target of public criticism. The current plan was to first stabilize the temple of Immortals, and then make those spies stop, only then could they cover it up. "Temple Master, your eminence, one-fifth of the share of spirit stones is really too difficult to accept. one-tenth is the most our Yin clan can bear." Yin Qinghua said through gritted teeth. Di Linhan sighed: "Since that's the case, then let it be!" "Don't blame me for being greedy. Little Jiu has been entrusted to us by our old friend, so we naturally have to protect her. Your Yin clan has repeatedly tried to harm her, if our hall of longevity doesn't do anything, it will be hard to avoid people gossiping about her." Yin Qinghua was so angry that he started to Twitch. He had really taken advantage of her and had to agree: "This matter is indeed the fault of our Yin clan. In the future, such a thing will never happen again. Please rest assured, Hall Master." "Uncle, as the saying goes, the longer the better. Since the Yin clan head has agreed, it's best to put it on paper. There are some people here who might not admit to it later," Yun Chujiu said leisurely. Yin Qinghua was so angry that he gnashed his teeth, but there was nothing he could do. He could only stamp the Yin clan head's seal on the contract drawn up by the Hall of Immortals. Just like that, one-tenth of the spirit stones fell into the hands of the Hall of Immortals. Yin Xinlian's long fingernails had already sunk into her palms. The hatred in her heart was about to explode. Yun Chujiu, I will definitely take back today's humiliation! I will take your life on the life and Death Arena. Even if the hall of Immortals wanted to vent their anger on what happened in the academy, there was nothing they could do. "Uncle-in-law, the Yin clan is so sincere. Guests are guests. Should we prepare a good meal to entertain them?" Yun chujiu sneered in her heart when she saw Yin Xinlian's expression. Yin Xinlian, this is only the beginning. How Dare You Provoke Me? I'll torture you to death!
