

## The Yun Family's Ninth Child is an Imp! Chapter 1242

How could Yin Qinghua have the mood to eat? He barely suppressed the rage in his heart and after a few polite words, he led Yin Xinlian away. Seeing that they had left, Yun Chujiu said with a smile: "Aunt, uncle, I have done a meritorious deed right? This one tenth share of spirit stones is more than ten or twenty million! Don't you guys want to reward me as well?" The wife of the palace lord was a little better off. After all, she had seen Yun Chujiu's shameless behaviour many times before, but this was the first time di Linhan had seen it. The shock in her heart could be imagined. However, the older the ginger, the spicier it was. Di Linhan said without batting an eyelid: "My wife, I remember that you said you wanted to talk to me about something. What is it? Let's go, Let's go to my study room and talk." Yun chujiu watched helplessly as di Linhan left with the palace master's wife. Before she left, the palace master's wife curled her lips at her, obviously mocking her. Yun chujiu stomped her feet in anger. "Prince Charming, why is your father even worse than your mother, bullying others?" This fellow wanted to say that he was shameless, but he was afraid that di beiming would be unhappy, so he changed his words to bullying others. Di beiming smiled dotingly, "They are playing with you!" "Humph! Forget it, they are just stingy, they just don't want to give me spirit stones." Yun chujiu pouted. Di beiming saw Yun Chujiu's charming appearance, and his heart instantly softened. He hugged Yun chujiu and kissed her. Yun Chujiu was dizzy from the kiss. She thought to herself, the gigolo had learned his lesson and kissed her whenever they were not on speaking terms. When the two of them were having an intimate moment, they heard an feng call out from outside, "Miss Qin Mingzhu, Miss Qin, and Miss Baili Yan are here to see you." Di beiming frowned and had no choice but to let go of Yun Chujiu. His desire was not satisfied, so his face naturally did not look any better. "Mingzhu, Baili Yan, greetings, Your Excellency." Qin Mingzhu and Baili Yan bowed to di beiming. Di beiming looked at them indifferently, and then said coldly, "Miss Qin, I'm not that familiar with you. Next time, you should bring your surname with you. Could it be that you're dissatisfied with the Qin surname?" Qin Mingzhu's face instantly flushed red, and she almost fainted from embarrassment. She could only say, "Yes, Ming, I understand." Baili Yan was very proud in her heart. Yin Xinlian had already been eliminated, and now Qin Mingzhu was being dissed by Her Excellency. It seemed that she had the greatest chance. "Junior Yun, it's great that you're Alright! It's obvious that Yin Xinlian has ulterior motives. From now on, senior will protect you." Baili Yan said through this matter, she felt that the palace master's wife was still very concerned about Yun chujiu, so she said this. Yun chujiu had already retreated to the side as a quail when Qin Mingzhu and Baili Yan entered. Now that she heard Baili Yan say this, she said happily, "Then thank you, senior Baili Yan." Although di beiming wanted to chase Qin Mingzhu and Baili Yan out, he knew that it was not the time to announce his relationship with Yun Chujiu. He could only say in a low voice, "What a noise! You guys can chat. I still have something to do." Although Qin Mingzhu and Baili Yan felt extremely regretful, they were already used to di Beiming's cold attitude. They were a little disappointed, they immediately asked Yun chujiu, "Junior Yun, how did you get out of the forbidden area? Did you let Yin Xinlian off just like that?" "That's right, the hall master didn't ask the Yin family to make any compensation?" Yun Chujiu said with a blank look, "After I fell into the forbidden area, I didn't know anything. Later, my uncle saved me. As for compensation, when they were discussing official

matters, they activated the isolation array. I don't know how they discussed it."Yun chujia was very smart, if they wanted to get information from her, they didn't even have a window, let alone a door.
