

The Yun Family's Ninth Child is an Imp! Chapter 1252

Yin Xinlian also discovered Yun Chujiu's goal, and her heart tightened. This B * Tch was indeed cunning, to actually think of such a method. However, with just you, a second level spirit sect master, you want to break the enchantment? No Way! Yun chujiu was very confident, because the small purple needle was small in size, and it was subjected to a large force per unit area. Moreover, it could control the time of explosion. As long as she kept attacking one place, she would definitely be able to break the enchantment. Even if it was worse.., she would use the sudden rupture talisman to blow it up. Although she would be slightly injured, it was still better than being trapped here. Things went even smoother than Yun Chujiu had expected. The small purple needle was simply a battle needle that could break through the barrier. After it shot into the barrier, it exploded again. After a few rounds, a small hole was broken through the barrier, with the hole, it would be much easier to break through the barrier. In less than fifteen minutes, Yun Chujiu broke the barrier and broke out of the blood sacrifice seven kill array. While Yin Xinlian was still in shock, Yun Chujiu had already attacked her. Several purple needles were aimed at her. Yin Xinlian also had some defensive spirit tools on her. After activating them, she dodged Yun Chujiu's attack. However, she was also scared out of her wits. This B * Tch actually broke through the blood sacrifice seven kill array. How hateful! Yin Xinlian activated her defensive spirit tool and prepared to activate the array disk again. B * Tch, I don't believe that you will be able to hold on for long. The Spirit Stones on me are enough to tire you to death. Yun chujiu noticed Yin Xinlian's actions and could not help but raise her eyebrows. She could not allow her to activate the array disk again. Otherwise, she would die from exhaustion sooner or later. However, she activated her defensive spirit tool and was unable to break through it for the time being. What should she do? Yun Chujiu's eyes darkened. This Yin Xinlian had to die. Qi Qi was right. If she continued to make mistakes, she would be in trouble. She had to kill her today. Even if she had to pay a small price, it would be worth it. Yun chujiu gritted her teeth and took out a sudden rupture talisman from her storage ring. After activating it, she threw it at Yin Xinlian. At the same time, she quickly retreated and activated almost all of her defensive spirit tools. After a loud explosion, not only was the protective shield of the life and death arena shattered, but a huge crater was also created in the arena. The people below the arena were forced back a few steps by the huge shockwave. Everyone was stunned for a moment. What was going on? "Sudden rupture talisman! Yun chujiu used sudden rupture talisman!" "Oh my God, is she planning to destroy both Jade and stone? When she used the sudden rupture talisman, she had to be at least 300 feet away from the enemy. She was so close to Yin Xinlian. Even if Yin Xinlian died, she wouldn't be able to recover." "I think she has been forced into a dead end by Yin Xinlian. If she doesn't use the sudden rupture talisman and Yin Xinlian activates the disk array again, she will definitely die." "What you said makes sense. There has been no movement on the stage. Could it be that both of them have been killed by the explosion?" .. Just as everyone was discussing, a person crawled out from the deep pit. It was Yun Chujiu. Her face was charred black from the explosion and her body was covered in dust. She was in an extremely sorry state. The people from the Huang class could not help but cheer. The class monitor had won! Our class monitor had won! That Yin Xinlian must be dead! However, Deputy Dean Yin's lips curled into a cold smile. You guys think too little of our Yin family. Would the young miss of our Yin family die so easily? Xinlian had two defensive immortal artifacts on her. How could a sudden rupture talisman be

enough to kill her? In her dreams! As expected, someone flew out from the deep pit on a sword. It was Yin Xinlian. Although she looked miserable, her injuries were much lighter than Yun Chujiu's.
