

The Yun Family's Ninth Child is an Imp! Chapter 1253

The onlookers were shocked. They didn't expect that both of them were still alive. It was really surprising. It seemed that both of them had a lot of defensive spiritual artifacts on them. The instructor in charge of the competition once again activated the defensive array, indicating for the two of them to continue the competition. Yin Xinlian said viciously, "B * Tch, you want to kill me with the sudden rupture talisman? In your dreams! You are throwing stones at your own feet. I just need to activate the array disk again. You are dead." Yin Xinlian took out the array board again as she spoke. Just as she was about to open it again, she heard Yun Chujiu say viciously, "B * TCH, b * tch, let's see who can withstand the explosion between us!" Before Yin Xinlian could react to what Yun Chujiu meant, she realized that Yun Chujiu had thrown another sudden rupture talisman at her. Boom! After the loud sound, another huge pit appeared on the stage. The protective array that had just been opened was shattered again, and the people below the stage were forced to take a few steps back. "Crazy! This Yun Chujiu is really crazy! She wants to perish together with Yin Xinlian!" "Yeah, it's a blessing that she could escape with a sudden rupture talisman. She actually activated another one. She really doesn't want to live anymore." "She's fighting with a method of mutual destruction. She's really too valiant!" "This time, I reckon that both of them won't be able to survive. This is really a life and death stage. It's really too tragic." .. Unexpectedly, just as everyone was discussing, Yin Xinlian flew up from the deep pit on her sword. However, compared to the previous time, there were traces of blood at the corner of her mouth. It was obvious that she had suffered some serious injuries. Everyone realized that Yun Chujiu hadn't climbed out. Could it be that she had died inside? Yin Xinlian couldn't help but laugh hysterically. "Slut! You want to blow me up? The one who died was you! hahaha!" Dean Huangfu's head buzzed. It was over. The Little Girl was dead! Everything happened too quickly. He and Ji Sha didn't even have time to react. Unexpectedly, Yun Chujiu's arrogant voice came from the pit. "Yin Xinlian, open your dog eyes and see. I'm still alive. It's just that the scenery inside the pit is better. I just stayed a little longer." Following her voice, Yun Chujiu flew out on the chopping board. It was the first time that everyone saw a chopping board, and they were all dumbfounded. Damn, what was Yun Chujiu sitting on? A large chopping board? Dean Huangfu had seen chopping boards before, so he wasn't too surprised. What he was worried about now was whether Yun Chujiu had the confidence to win if the two of them continued like this? Yin Xinlian obviously had a powerful defensive spirit tool, which was very likely an immortal tool. Yun Chujiu had already used two burst talismans, so what else could she do? "Yun Chujiu, although you aren't dead, your injuries are much worse than mine. As long as I activate the array disk, you will die without a doubt. Fight with me? You are courting death," Yin Xinlian said arrogantly. "Is that so? "I know that you have something good on you and your defense is pretty good, but I don't believe that it can withstand the intensity of the explosion of the two sudden rupture talismans." Yun Chujiu said as she activated the two sudden rupture talismans together and threw them at Yin Xinlian. Crazy! Yun Chujiu was crazy! This was the thought of everyone, including Dean Huangfu. They all thought that Yun Chujiu was crazy! The two sudden rupture talismans were activated at the same time. Even though Yin Xinlian had an immortal artifact on her, after the two losses and the two sudden rupture talismans this time, she would definitely die! However, Yun Chujiu was also dead for sure! This was a method of mutual destruction. It was too stupid!
