

The Yun Family's Ninth Child is an Imp! Chapter 1262

Another month passed. On this day, all the freshmen received a mission — to weed the herb garden. Yun chujui pursed her lips. This was a blatant exploitation of their free labor! There were many rare herbs planted in the herb garden of Tianyuan Academy. Therefore, before these students entered, they were sternly warned that if the spirit herbs were damaged, not only would they have to be compensated according to the price, but they would also have to be punished by the Academy's rules. After entering, the others diligently pulled the weeds. Yun Chujui, this fellow, was the most lazy. She squatted there for half a day and did not even pull out a few weeds. It was purely because she did not put in any effort. Moreover, the guai Cao in her Dantian kept clamoring to eat the spirit herbs, Yun chujui angrily scolded, "Gou Weiba, stop it! Just because of you, I might not even be able to give birth to a monkey for a gigolo. You still want to eat? Eat your head!" Guai Cao immediately became dispirited after being scolded by Yun Chujui. It felt so wronged that it did not want to torture it anymore. "That student who is squatting there, yes, it's you. Come Over Here!" A teacher stretched his neck and shouted at Yun Chujui. Yun chujui could not help but curse in her heart. Seriously, she was discovered just when she was slacking off. Why was she staring at her for no reason? Yun chujui slowly walked to the front of the teacher, the teacher pointed to a place and said, "You are in charge of removing the weeds next to the spirit herb. You must be careful. That is a low-grade heaven tier gold thread jade bamboo. If it is damaged, you can wait to be fired!" Yun chujui inexplicably smelled the scent of a conspiracy. Why did he only ask her to remove the weeds there? It must be a trap. She heard that the person in charge of this medicinal garden was also the lackey of that old guy, Yin Haoyu. Humph, she would not fall for it! "Aiyo! Aiyo! My stomach hurts! Teacher, I suddenly have an unbearable pain in my stomach. Where's the toilet? I want to go to the toilet!" Yun chujui clutched her stomach and cried out in pain. The teacher frowned. "The toilet is in the west, far from here. What a coincidence! I just asked you to do some work, and your stomach hurts? You're not faking it, right?" "Aiyo, no, I'm going to die of Pain!" Yun Chujui was afraid that the teacher would ask again, so she jogged all the way to the west. The teacher sneered. As expected by Deputy Dean Yin, this girl was indeed cunning. However, what you didn't know was that this was a series of traps. You Didn't fall into the trap of weeding. There were other traps waiting for you..., damn girl, this time you will definitely die. Yun chujui ran all the way to the west and saw the toilet from afar. Of course, she wouldn't really go in. She rolled her eyes and decided to rest in the vicinity for a while. She would wait until everyone was almost done with their work before going out. Just as Yun Chujui was thinking about it, her scalp suddenly went numb and she was shocked. There was danger! Yun chujui activated the jade token that the old man had given her. She did not want to use it the last time she competed with Yin Xinlian. She was prepared to use it when she was in a life-or-death situation. Yun Chujui had just activated the jade token when she felt a spiritual energy fluctuation behind her. She quickly leaped forward. Even so, she did not manage to dodge all of it. Fortunately, the jade token blocked the attack with a flash of light. Yun chujui immediately understood that this was a series of tricks. Since she had been lured here, it was likely that there was more than one person lying in ambush. Sure enough, three masked men in black launched another attack at Yun Chujui. Although Yun chujui could not see through the cultivation levels of the three people, it seemed that they were at least at the level of a spiritual venerable. They were probably sent by the Yin family.
