

The Yun Family's Ninth Child is an Imp! Chapter 1263

Yun chujiu tried to use her identity jade token to inform Feng Ming, but to her surprise, she found that she could not send the message. She also tried to use a voice transmission talisman to inform an Feng but failed. "Stupid girl, you don't have to waste your efforts. Since we have arranged this trap, it is naturally foolproof. Don't even think about sending the message! "Moreover, there are very few people here. No one will come to save you. Prepare to die!" One of the masked men said with a sneer. Yun Chujiu's eyes darkened. Damn it, you want to kill me? Dream On! I'll blow you all up! Yun chujiu took out a few super-grade explosive talismans and was ready to activate them. However, she sadly realized that she couldn't activate them at all. That's right, even the sound transmission talismans weren't effective, which meant that there must be some kind of formation here. Naturally, Talismans couldn't be used. Seeing this, the three of them laughed out loud. "Stinky girl, we know that you have the sudden explosive talismans, but it's useless here. Even the gods can't save you today. Die!" Yun chujiu could not care less about exposing her secret anymore. Her life was more important. Therefore, she summoned eight flying swords to protect herself. Furthermore, the small purple needles were fired at the three of them frequently. The three masked men were shocked. This stupid girl was really strange. She could actually command eight flying swords at the same time. However, no matter how strange it was, she would die here today! Yun chujiu secretly cried out in her heart. Although there were still Xiao Heiniao and the others, the difference in their spiritual power was too great. Even if they came out, it would be useless. They might even get injured. What should she do? Yun Chujiu tried to use the jade token and the defensive spiritual tool to protect her body. Then, she forcefully broke through the encirclement of the three people and quickly ran to the east. However, she was blocked by an invisible barrier. "Stinky Girl, You Want to run? This place is like an iron wall. It's a cage specially designed for you. You want to run? Dream On!" The three men in black said arrogantly, although this little girl had so many defensive spirit tools on her that it made people and gods angry, she would run out sooner or later. When that time came, this stinky girl would die. Yun Chujiu didn't believe it and ran to the south again. She was still blocked by the barrier, so she ran to the north again. However, she still couldn't get out, so she finally ran to the west. "It's useless! Little Girl, this formation is foolproof. You Can't get out even if you go underground." The masked man laughed strangely like a cat catching a mouse. However, something unexpected happened. Yun chujiu actually broke through the barrier and disappeared in front of them. "No! Impossible! What's going on?" "Didn't we test it before? This formation is foolproof. How did she get out?" The three masked men quickly chased after her, but they were blocked by the barrier! "How, how could this be?" "Let's hurry and send a message to fourth elder. Maybe he can find the reason." The three of them put away the formation disk and activated the concealment talisman. One of them quickly sent a message to Yin Haoyu. Yin Haoyu was anxiously waiting for the news. He felt that this time, there would definitely be no mistakes. Yun chujiu, that wretched girl, was very smart. She would definitely find an excuse to avoid weeding. When the time came, the hidden guards that had been arranged beforehand would come in handy. This time, it was the three leaders of the Yin family's hidden guards. Killing Yun Chujiu, who was at the second level of the Spirit sect, was as easy as flipping one's hand. There was no possibility of failure at all. When Yin Haoyu heard the black-clothed man's message,

he was so angry that he smashed the desk with his palm! Trash! Trash! He could let that B * Tch escape just like that! They were all idiots!
