

The Yun Family's Ninth Child is an Imp! Chapter 1266

Yun chujiu had no choice but to use the eight immortal swords to protect herself first. Then, she directed the small purple needles to attack the demonic plants. Needless to say, the small purple needles were very effective against the demonic plants. The demonic plants were much weaker than the demonic beasts. As long as the small purple needles pierced into the body of the demonic plants, once they exploded, the demonic plants would wither. Before Yun Chujiu could rejoice, she realized that the withered demonic plants were quickly resurrecting and were still attacking Yun chujiu ferociously. F * ck! They could actually be resurrected on the spot. This was the rhythm of exhausting her to death! Four hours later, Yun Chujiu was so tired that she was sweating profusely. This fellow had a miserable look on his face. Could it be that she was going to die of exhaustion in this tomb? Just when Yun Chujiu was at her wit's end, the guai Cao in her dantian began to clamor weakly. Yun chujiu frowned. "You want to eat it? Are you sure these things are edible?" Guai Cao nodded excitedly. Yun chujiu curled her lips. "You can eat the things in this tomb? Aren't you afraid of eating your stomach?" However, although Yun Chujiu was a hundred times reluctant, in order to survive, she had no choice but to, uh, start eating! Yun chujiu used her defensive spirit tool to get close to a demonic plant. She pulled it over and began to eat it. As she ate, she thought sadly, F * ck! She was really no different from those zombies now! Those demonic plants obviously did not expect to encounter a pervert who would start eating at the slightest disagreement! You are F * cking human! You are not a herbivorous demonic beast. How dare you eat us? You Pervert! Those poisonous demonic plants thought proudly that she would definitely not eat them. Their bodies were all extremely poisonous, and if she took a bite, she would be poisoned to death. After that, there was no after, because, without exception, they were all eaten by this pervert, Yun Chujiu. Not to mention being poisoned, other than burping a few times, there was no discomfort at all. The demonic plants were afraid and hid back inside the wall, afraid that they would be eaten by this pervert. Yun Chujiu, this fellow, was now a villain who had achieved his goal. She immediately changed her scowling expression from before, she placed her hands on her waist and shouted loudly, "HMPH! Who Else? Who Else? Who Else? If you have the ability, continue to attack me! I will eat all of you, not leaving a single one alive!" Even though the demonic plants had already hid back on the stone wall, they were still trembling in fear. Pervert! This was a pervert! ! If she had known this would happen, she would not have provoked her. Where did this pervert come from? ! Yun chujiu cursed for a while more. After she felt that she had vented her anger, she no longer paid attention to the demonic plants and prepared to find a way out. At this moment, a door suddenly opened in front of the main hall. Yun chujiu walked towards the door without hesitation. It was not that she was brave, but she had no other choice now. Yun chujiu walked through the door along the tomb path and saw a group of handsome men. There were all kinds of handsome men. Some were cold, some were demonic, some were muscular, some were scholarly, some were mature uncles, and some were handsome young men. When the handsome men saw Yun chujiu, they did not surround her. Instead, they used their eyes to express their love. Yun chujiu shivered. Alright, although she liked handsome men, she could not afford to have such a large group, besides, these people were quite beautiful. However, compared to the mermaid brother and the gigolo, they were not at all inferior. They only had skin and no temperament. There was only one word — vulgar!
