

The Yun Family's Ninth Child is an Imp! Chapter 1268

Yun Chujiu could not help but close her eyes. "Yun Qi"'s eyes revealed a trace of viciousness. She turned into a wisp of green smoke and rushed towards Yun Chujiu's forehead. Unexpectedly, Yun Chujiu suddenly opened her eyes and jumped to the side. Several small purple needles shot into the green smoke. A miserable cry was heard from the green smoke. Then, the scene in front of Yun Chujiu changed. It was a spacious tomb, and in front of it was a stone platform. Six ten-thousand-year-old black iron chains were tied to a huge demon beast. However, the Demon Beast had obviously been dead for a long time, and only a snow-white fur covered its skeleton, what surprised Yun Chujiu the most was the nine huge tails on the skeleton. The first thought in her mind was — nine-tailed fox. Could it be that a nine-tailed fox was once imprisoned here? Just as Yun Chujiu was thinking about it, smoke rose from the skeleton and a gigantic demonic beast appeared in front of Yun Chujiu. It was a nine-tailed fox with pure white fur. "Stupid girl, I didn't expect you to break my layers of illusion formations. Although it's a little strange, you still can't escape the fate of being possessed by me today!" "It's actually a fox. No wonder the illusions are all flirtatious and lascivious! You want to possess me? Hahaha, Dream On! Besides, you're an ancient divine beast. How can my body withstand your soul?" "Stupid girl, although I don't know the reason, your body is definitely the most suitable for me. That's why I used my remaining magic power to bring you in. Although you're a woman, it's alright. I've been waiting for tens of thousands of years for today!" Nine-tailed Fox said until here, nine tails suddenly grew longer and coiled towards Yun Chujiu. Yun Chujiu dodged and shot several bolts of lightning at the nine-tailed fox. Even remnant souls were afraid of lightning, and the nine-tailed Fox was no exception. The nine-tailed fox sneered, "Although our remnant souls are afraid of heavenly lightning, you are too weak. This little bit of heavenly lightning can't harm me." Sure enough, the nine-tailed Fox did not even Dodge. Yun Chujiu's heavenly lightning struck the remnant soul's tail, but it really did not have any effect. Yun Chujiu switched to using the small purple needles to attack. Although the effect was better, it was like an ant shaking a tree. The effect was basically negligible. Yun Chujiu tried to use eight immortal swords to attack again, and she also used a rolling pin to hammer, but they were all useless. If it were not for the jade token given to her by the old man and the countless defensive spiritual weapons on her body, she would have died long ago. Yun Chujiu rolled her eyes and suddenly rushed toward the skeleton that was tied up by the ten-thousand-year black iron. She shot several bolts of lightning at the huge fur. "Stop! You Stop!" The nine-tailed fox was indeed anxious. How Could Yun Chujiu stop? She hacked even harder. Damn it, you are about to possess me, why should I listen to you? I will burn this Fox's skin first! "Stupid girl! Do you think you can deal with me just because you burned my skin and fur? I'm just a little reluctant. If you want to burn it, go ahead. I'll kill you first." As expected, the nine-tailed Fox stopped stopping Yun Chujiu, instead, it launched an even fiercer attack. Yun Chujiu's heart sank. It seemed that burning its skin and fur was really useless. Then how could she kill it? Yun Chujiu suddenly slapped her thigh. I'm so stupid! Since the remnant soul of the nine-tailed Fox could exist here, it meant that Fu Ao and the others could do the same. Stinky Fox, let's see how I'll deal with you! "Stinky Fox! Stop first. I can agree to be possessed by you. Anyway, I can't beat you, so I might as well suffer less." Yun Chujiu suddenly shouted.
