

The Yun Family's Ninth Child is an Imp! Chapter 1269

Nine-tailed Fox was stunned, but it was a suspicious fox. It asked suspiciously, "What trick are you trying to play? I'm warning you, not to mention a puny second level spirit overlord like you, even someone who is a hundred times stronger than you is no match for me." "Since you're so confident, are you still afraid of me playing tricks? I'm about to die, you have to at least give me some time to say goodbye to this world!" Yun Chujiu's eyes reddened as she said sadly. The nine-tailed Fox thought about it and felt that it was right. This little girl was really too weak. Why should I be afraid of her? ! When it thought about this, it retracted its nine huge tails and stared at Yun Chujiu, the little girl howled, "Oh my God! I'm really too miserable! I'm only eighteen years old! I'm going to die! I'm not married yet! I haven't even given birth to a monkey yet! I'm really unwilling to die!" Nine-tailed Fox was stunned. Give birth to a monkey? Could it be that this little girl's lover was a monkey spirit? "No one is more miserable than me. I was abandoned since I was young, and then my adoptive parents went missing. Furthermore, it was a charcoal ball. It was not easy for me to become a devastatingly beautiful woman, but my body was actually going to be taken over by a seductive fox. What a waste of a heavenly gift. It's still a F * cking male. Won't I become a transvestite in the future? "!" Although the nine-tailed Fox did not find what Yun Chujiu said pleasing to the ears, it did not find anything wrong with it because it felt that it was a demon, and Yun Chujiu was a human. After it possessed her, it was indeed a human demon. Just as the nine-tailed Fox was slightly distracted, Yun Chujiu had already begun to move. Several small green bottles were opened by her, and even the natal puppet of the old man surnamed Yin was released by her. When Fu Ao and the others were released and saw the huge nine-tailed fox in front of them, they wanted to kneel down to Yun Chujiu! Oh My God, how can you always provoke some incredible existences? This is the ancient divine beast, the nine-tailed Fox! Even when they were at their peak spiritual power, they were still not its match! The nine-tailed fox was even more dumbfounded! What the hell are these things? The remnant souls of ancient cultivators? Although they were very weak, there were too many of them! Were they planning to gang up on it? "Stupid girl! I didn't expect you to have so many remnant souls of ancient cultivators, but you miscalculated. They are too weak now, they can't do anything to me." Although the nine-tailed Fox was a little nervous, however, its attitude was still very arrogant. Yun Chujiu didn't have time to talk nonsense with it. She commanded the remnant souls to start a round of battle. Both sides were evenly matched. However, Yun Chujiu felt that in the end, her side would lose more. After all, some remnant souls were very weak now and could easily disappear completely. She had to end the battle as soon as possible. At this moment, Yun Chujiu caught a glimpse of old man Yin who was crazily fiddling with his natal puppet. "Old Man Yin! What are you doing? Didn't you say that your Yin clan's puppet is very powerful? Prove it to me. I don't believe that such a small toy is powerful at all." Yun Chujiu said disdainfully. When the old man surnamed Yin heard Yun Chujiu's words, he immediately went crazy. "What a joke! Our Yin clan's puppet isn't strong? If it's not strong, Will Tian Dao destroy us?" As soon as the old man surnamed Yin finished speaking, he heard a huge heavenly thunder coming from above his head! All the remnant souls were shocked, and even the nine-tailed fox trembled in fear. Only Yun Chujiu felt that this voice was very friendly!
