

The Yun Family's Ninth Child is an Imp! Chapter 1271

After hearing Yun Chujiu's words, the artifact spirits became even more enthusiastic in their fight! Especially the little silver dragon that had just flown in, it gave the nine-tailed fox a claw. "You Coquettish Fox! You Dare to be impudent in front of my Heavenly Dragon? I'll slap you to death, you little, B * TCH, B * Stard!" Although the nine-tailed Fox was shocked previously, it was not to the extent of being defeated. However, when it saw the Little Silver Dragon, its heart instantly turned cold! If it was outside, it would naturally not be afraid of a broken stick. However, in its spiritual sense, its advantage was not so obvious compared to the little silver dragon, not to mention that it had so many weapon spirits! When it saw Yun chujiu attacking it with purple lightning again, it felt even more regretful. If it had known earlier, it would have waited for tens of thousands of years to not provoke this wretched girl! Unfortunately, there was no medicine for regret in this world. Many weapon spirits swarmed forward, and with Yun Chujiu's lightning, in less than an hour, the remnant soul of the nine-tailed Fox was eaten by many weapon spirits. Of course, Yun Chujiu ate the most, followed by the Little Silver Dragon. Although the other weapon spirits were indignant, they did not dare to say anything. Originally, Yun Chujiu did not break the contract with them according to the agreement, so they were very angry, but now that they saw the benefits, they felt that it was not bad to follow this little girl. In any case, the only people who often went out to be thugs were the eight immortal swords. It was not bad for them to eat for free. After Yun Chujiu ate the remnant soul of the nine-tailed fox, she opened her eyes. Fu Ao and the others were not worried at all about Yun chujiu being possessed, because throughout the entire process, this guy's expression was very calm. If she was possessed, her expression would definitely be very painful. The first thing that Yun Chujiu did when she got up, cough cough, was to put the huge skeleton and fur of the nine-tailed Fox into her storage ring. TSK TSK, this huge fox skin looked much stronger than the old witch's snow cashmere blanket! After this fellow put away the skeleton and fur, he stared at the six ten-thousand-year-old profound iron chains on the ground. If he were to turn this thing into a puppet, it would simply be awesome! Therefore, he began to pull the 10,000-year-old mysterious chains on the ground. The remnant souls could not bear to look at him anymore. He was really pulling the feathers out of a goose! If the mysterious chains could be pulled, would the nine-tailed Fox still be trapped inside? Unexpectedly, one of the nine-tailed Fox's chains was actually pulled out by Yun chujiu, probably because the nine-tailed fox was already dead. This guy used too much strength and fell to the ground with a plop! The Fox did not care about the pain in its butt, and quickly pulled the other five ten-thousand-year-old chains down as well. It happily put them into its storage ring. At this moment, it felt that the entire tomb began to tremble, and it was actually about to collapse. It turned out that the formation plate of the tomb was fixed by these six chains. With Yun Chujiu's pull, the formation plate was indirectly destroyed. Yun Chujiu was dumbfounded. She quickly put away all the remnant souls, then set up the spiritual energy shield and activated all the defensive spiritual weapons. Then, she hid in a place supported by pillars. At this moment, Dean Huangfu and the others were discussing Yun Chujiu's whereabouts on the forbidden land. They felt the ground tremble violently, and they were so scared that they hurriedly jumped to a safe place. Then, they realized that the ground had started to sink, and the sound of buildings collapsing came from below. The collapse lasted for an hour, and a huge pit

appeared on the ground. Everyone connected this incident to Yun Chujiu as a matter of course. Could it be that Yun Chujiu had mistakenly entered the forbidden land and was buried there?
