

The Yun Family's Ninth Child is an Imp! Chapter 1276

Yun chujiu handed the jade token to the dumbfounded teacher Mou. "Teacher Mou, thank you very much! I will bring the students from the Huang class to help you fill in these deep holes tomorrow." After Yun Chujiu finished speaking, she looked at Dean Huangfu. "Dean, I will leave the matter of how to fool those onlookers to you. Those who are capable will have to work harder! I will go back and rest now. I am really too weak right now!" Dean Huangfu looked at Yun Chujiu who was like a happy rabbit and was dumbfounded. You're weak? ! I'm almost scared out of my wits by you, aren't I? ! And you want me to clean up the mess for you.., i even built an immortal artifact. Right, I'll use an immortal artifact to talk about the matter. I'll say that the little girl had an immortal artifact that the hall master's wife had given to her, so she was fine before. Later on, she hid in the trial tower and escaped a calamity. Right, that's what I'll say. Dean Huangfu thought of another matter. That's right, I wonder how many levels this little girl has risen this time? Anyway, she'll go back to look for him tomorrow, so let's ask her together. It was already the second half of the night. Dean Huangfu and teacher Mou gave a few simple instructions, and the two of them went back to rest. The next day, it just so happened that the Huang class didn't have any classes in the morning. Yun chujiu had Feng Ming bring some Huang class students to fill up the hole in front of the trial tower, while she hopped over to Dean Huangfu's courtyard. The deep hole in the courtyard had already been filled up by the guards and servants. Yun chujiu rubbed her nose and entered dean Huangfu's study. "How did you accidentally enter the Forbidden Area Yesterday? What happened inside?" Dean Huangfu asked curiously. "There were three masked men chasing after me, and they used some kind of array formation. I ran in three other directions but didn't manage to escape. I ran towards the west, but I didn't expect to enter a huge tomb." "A huge tomb?" Dean Huangfu asked in surprise. "The huge tomb was filled with illusions. Fortunately, I was simple-minded, so I didn't fall for the trap. In the end, I found six ten-thousand-year-old black iron chains on a stone platform. I, Hehe, I thought that this was a good thing, so I pulled it out. I didn't expect that the huge tomb would collapse right after I pulled the six chains out." In order to prove that what she said was true, Yun Chujiu took out the six ten-thousand-year-old black iron chains, he took out six 10,000-year-old black iron chains. "Dean, this thing is very strong. It's useful for refining weapons. I'll give you one. Take it and play with it!" Yun chujiu pointed at a 10,000-year-old black iron chain and said to Dean Huangfu. Dean Huangfu said unhappily, "You little girl, you make it sound like I'm greedy." Although Dean Huangfu said so, he conveniently put the 10,000-year-old black iron chain into his storage ring. It could be used to strengthen his offensive spirit weapon. Not Bad, not bad. Yun chujiu curled her lips. What a hypocrite! "By the way, how much did you level up last night?" "It's only the third level. I'm now at the second level of the spirit Saint Realm," Yun Chujiu said unhappily. Dean Huangfu wished he could kill her with a slap. How could he not be satisfied with the third level? You are too greedy! Yun chujiu blinked her eyes. She had made a big fuss yesterday. This time, she raised her spiritual power a little, so she raised it to the fifth level of the Spirit sect. Dean Huangfu was already used to Yun Chujiu's black-bellied nature, so he asked her about some other matters before letting Yun chujiu go. Yun chujiu first went to the trial tower to take a look. Feng Ming had already brought some people to fill in the hole. Yun chujiu chatted with the others for a while before jumping back to her dormitory. This fellow was still thinking about the nine-tailed Fox's fur and skeleton. She was too tired yesterday and didn't have the time to look at it

carefully. Today, she had to take a good look. It was best to have the ball of wool make her some overcoats, vests, and blankets..
