

## The Yun Family's Ninth Child is an Imp! Chapter 1279

When Yun Chujiu heard about the huge treasure, her eyes immediately began to glow with blue light. However, compared to the treasure, this fellow still cherished his life more. Level ten? Forget it. She would just stay below level three. After the trial, she could go to the temple of Immortals to see the pretty boy. This fellow completely did not consider whether the palace mistress would invite her or not. She had already thought it through. If the palace mistress did not invite her, she would ask di beiming to come to idle city to accompany her, at that time, the old witch would definitely bring her to the temple of Immortals. The delicious food in her storage ring was all gone, so it was a good time to replenish it. Moreover, it was quite fun to fight with the old witch. The nine serenities crypt was different from other trial locations. Talismans could be used here, but the sound transmission talisman could not be used. Moreover, it prohibited flying. Yun chujiu thought of the hundreds of super-grade explosive talismans in her storage ring. The corners of her mouth curled into a sinister smile. The Yin family might take action again this time. If they provoked her, Hehe! Feng Ming and the other two saw the smile on Yun Chujiu's lips and shivered in fear. What Evil Scheme was little ninth junior sister playing? Someone was definitely going to be unlucky. "The trial period is half a month. Only when the trial period ends will you be sent out. After you enter, you must act within your capabilities. Otherwise, the consequences will be unimaginable. The trial this time will not be ranked. However, the nine serenities crypt has a special type of ore — the nine serenities stone. After you mine it, you can use it to exchange for contribution points." Deputy Dean Xiao, who was leading the team, said in a deep voice. Yun chujiu cursed in her heart. This academy was really smart. They were using them as free miners. Not only were they not angry, but they were also working hard to mine because they could use them to exchange for contribution points. "Alright, it's time for the Jiyou crypt to open. You guys can go down." Deputy Dean Xiao pointed at a deep cave entrance and said. The students entered the cave one after another. Yun chujiu followed Feng Ming and the other two into the cave. After entering the nine serenities crypt, Yun chujiu couldn't help but click her tongue in wonder. Although the name of this nine serenities crypt was gloomy and terrifying, the scenery inside was actually quite good. Stones of all shapes and sizes were scattered and arranged in a neat manner, moreover, it was also colorful. Most importantly, there were many plants growing in this crypt. Other than the absence of the sun, it was no different from the outside. Although there was no sun in the cave, the strange thing was that although the light inside was not very bright, the visibility was still good. Yun chujiu quickly found out the reason, it turned out that the stones of different colors could emit a faint light, and the cave relied on these stones to get light. After walking for a distance, the demon beasts and students in the cave began to fight. The higher grade students naturally disdained to deal with these low-level demonic beasts. After shaking off the demonic beasts, they continued to walk forward. After finding the entrance, they directly entered the next level. Very soon, there were not many people left on the first level. After all, after a year of study, the first grade students had basically reached the sixth to eighth level of the Spirit sect. Their destination was the third level of the demonic beasts. Yun chujiu did not have any intention of continuing down. Feng Ming and the other two naturally stayed behind to accompany her. "Junior Sister Little Jiu, are you prepared to stay on the first level?" Feng Ming and the others had already reached the fifth level of the Spirit sect. Although they were still weaker than the other students, they would definitely catch up to or even

surpass the others in a period of time. “Yes, fighting and killing is very boring. You guys go to the second level. Oh right, take these talismans and keep them just in case.”Yun chujiu gave Feng Ming and the other two a thick stack of super-grade explosive talismans.
