

The Yun Family's Ninth Child is an Imp! Chapter 1280

Although Feng Ming and the other two didn't know why the Talisman was glowing with a faint golden light, they could tell that it was a good item at a glance. They asked in a low voice, "Junior sister Xiao Jiu, where did you get this? You gave it to us. What are you going to do?" "It's a little thing that I drew at home. It's not worth mentioning. Take it and play with it. If it's used up, ask me for it again," Yun Chujiu said nonchalantly. A little toy that I drew myself? Play with it? Junior Sister Jiu, are you sure you're talking about the explosive talismans that we have in our hands? Could it be that these talismans were drawn by junior sister Jiu? Since when did junior sister Jiu know how to draw talismans again? The three of them were dumbfounded. After instructing Yun chujiu to pay attention to her safety, they found the entrance and went down to the second level of the nine serenities crypt for the trial. The demonic beasts on the first level had initially challenged Yun Chujiu, but Yun Chujiu had already summoned the three-tailed flaming fox king and Xiao Hei, allowing them to lie Yan and lie Yan. As Yun Chujiu's spiritual power increased, the three dumb beasts's spiritual power also increased. Yun chujiu could not help but curse in her heart. It was better to be a spiritual beast. If they did not put in much effort, they would be able to bask in the glory of their master. Those demonic beasts were no match for lie Yan and Xiao Hei. They quickly retreated to the depths of the cave and did not come out again. However, Yun Chujiu found a problem. "Xiao Hong, why do I feel that there is something wrong with you?" Lie Yan's body trembled. Every time it heard the name Xiao Hong, it would unconsciously tremble. "Master, what is wrong? I feel that my entire body is full of energy. It is very good." Yun Chujiu took a closer look and finally found something that was out of place. Lie Yan's three-tailed Fox King's tail actually popped out again, even though it was only a short tail. "You, your tail?" Yun Chujiu said in surprise. "Master, What's wrong with my tail? I'm not bragging, but my three tails are the most beautiful tails in the world. They're blazing red like flames. They're so high-end..." lie Yan's eyes twitched The corner of Yun Chujiu's eyes twitched violently. Why did these three little things become so narcissistic? Could it be that the one who gets close to the ink gets black? Pui! Pui! This is the one who gets close to the ink gets red! "I mean, you seem to have grown another tail." Yun Chujiu felt that there was no one else who could be so slow-witted as a fox. Only then did the three-tailed Fox King of Lie Yan turn its head to look at its own tail suspiciously. When it saw that it had really grown another tail, it was so excited that it fainted. Yun chujiu could not bear to look at it. was such a stupid fox? It was more like a pig! At the mention of Pigs, Yun Chujiu's entire being was in a bad mood. She immediately thought of the piglet that she had materialized.. Not long after, the three-tailed Fox King of Lie Yan woke up, it jumped up and down happily. "Master! This is the highest honor of our three-tailed fox. I actually became a four-tailed Fox of Lie Yan. hahaha! I will definitely become a nine-tailed fox in the future!" Compared to the lie Yan three-tailed Fox King's elation, Yun Chujiu was more concerned. "Xiao Hong, you have another tail. Does this mean you have more abilities?" Lie Yan three-tailed Fox king immediately became listless. "Master, this tail is only a small part. It's useless. I will only know what innate ability I have when it grows to the same size as the other three." Yun chujiu pouted. "In that case, stop showing off! Cultivate obediently." The three-tailed Fox King of Lie Yan rolled its eyes. "Master, I've discovered something."
