

The Yun Family's Ninth Child is an Imp! Chapter 1282

Yun Chujiu's eyes flashed with a fierce light. She had been waiting for this moment! This time, Yun Chujiu threw out three burst talismans in addition to the supreme-grade burst talismans. The low-grade burst talismans she threw earlier were to confuse the three of them. Boom! Boom! Boom! The sound of the burst talismans was mixed with the screams of the three of them. Yun Chujiu's hands did not stop. She continued to throw a bunch of supreme-grade burst talismans at the three of them. Damn, I told you to kill me! I'm gonna blow you up so bad your parents don't even know you! I've prepared so many super-explosive talismans just for you! I'll blow! I'll blow! I'll blow it up! The three masked men, well, they were no longer masked men. The cloth covering their faces had long been blown away. Although the three of them had the cultivation of spiritual venerables, they also had quite a number of defensive spirit tools on them, however, they could not withstand Yun chujiu's abnormal talisman attack. The three of them were filled with regret. If they had known earlier that this would happen, they would not have removed the concealment talisman. It was really a mistake! Now, they did not even have the time to activate the concealment talisman. This was because an endless stream of talismans were exploding. Although they could not compare to the sudden cracking talisman, their power was still very shocking, they didn't know where this stinky girl got so many talismans. The three of them kept consoling themselves. The stinky girl couldn't have too many talismans in her hands. They would soon run out of them. They only needed to hold on for a little longer and they would be able to kill that stinky girl! Fifteen minutes later, the talismans were still continuously thrown at them! An hour later, the three of them were already covered in wounds and were half dead! The three of them only had one thought in their minds. If they could hold on for a little longer, the stinky girl would definitely run out of talismans. Another quarter of an hour passed, and before the three of them died, only one thought flashed through their minds. How could the stinky girl have so many talismans? If they knew that she had so many talismans, they would not have shown themselves no matter what! Yun Chujiu was afraid that the three of them would not die, so she continued to throw a few more super grade explosive talismans. After she could not feel any spiritual power fluctuations, she stopped throwing them away. This guy was also seriously injured, but compared to the three of them, he was much better. Moreover, he had the help of Guai Cao to heal his injuries, so his life was not in danger. The dust and black smoke gradually dispersed, and in front of Yun Chujiu was a huge pit. Yun Chujiu took out the night pearl and shone it on them. The three of them were blown away, and they were definitely dead. Only then did Yun chujiu relax. She put away the storage rings of the three of them, and then sat on the ground to rest. "Damn it! Fortunately, I drew some low-grade explosive talismans to confuse the enemy just in case. Otherwise, I would have to give up my life today. It was too dangerous! I was scared to death!" Yun Chujiu was mumbling when she heard someone shouting angrily, "Damn girl! You blew up my underground cave! I will not forgive you! I want to trap all of you here forever! None of you can think of getting out! I'm so angry! You've blown up all the beautiful stones that I worked so hard to make, damn it! Damn it! It's REALLY TOO DAMN!" Yun chujiu was shocked. "Who's Talking?" "Do you have a pig's head? Who are you talking to? ! Other than the tool spirit that can talk so arrogantly? Damn girl! You can just stay here and be trapped!" Qi Ling? Yun chujiu carefully recalled what the Qi Ling said just now. Was it trying to

take revenge on her because she had destroyed many of the rocks here? Was it planning to trap all of them here?
