

## The Yun Family's Ninth Child is an Imp! Chapter 1284

The reason why Yun chujiu activated the concealment talisman was to save time and spirit energy. After all, the demon beasts on the seventh floor were all below level 25, so there was no way for her to see through the concealment talisman. If she had the convenience, why would she waste her energy? While Yun Chujiu was running, she did a few good deeds out of kindness. Nangong Luoyue was being attacked by two level 21 cave wind blade leopards. Her left leg had been cut by the wind blade and she was running for her life, trying to find her classmates to ask for help. Suddenly, two loud noises came from behind, nangong Luoyue turned around and saw that the two cave wind blade leopards had been blown into a bloody mess. They were only left with half of their lives. Although Nangong Luoyue did not know what was going on, she still rushed forward and took the lives of the two cave wind blade leopards. Lin Han felt that this was the first time he was so close to death. In order to dig out the netherworld stone, he had provoked three level 22 cave wind blade wolves. He had spent a lot of effort to kill one of them. Naturally, the other two would not let the matter rest, after forcing him into a corner, Lin Han could even see the sharp teeth of the cave wind blade wolves biting towards him. At this moment, there were two loud bangs. The two cave wind blade wolves were blown up and screamed miserably. Then, there were two explosions. The two cave wind blade wolves were directly blown to death. Lin Han rubbed his eyes and knelted on the ground with a plop. "Which senior saved me? Please accept my bow!" Yun chujiu stumbled. This senior Lin was really honest. This guy's bad intentions came up again. He deliberately suppressed his voice and said, "Young man, cultivate well. You will definitely achieve great things in the future." After Yun Chujiu finished speaking, she quickly continued to run forward. Lin Han was stunned on the spot. He felt his blood boiling. For a mighty figure to value him so much, this meant that he really could. As long as he worked hard, he would definitely be able to do it. Many years later, when Lin Han, who had already become the leader of a sect, lectured his disciples, he mentioned this matter many times. He did not know until he died that this was just a friendly joke from Yun Chujiu. Yun Chujiu had done the same thing several times. This guy felt that if he did not have to go to the next level, it would have been quite fun to help others in the dark. After that, she left and hid her identity. She was really an expert! This guy quickly went down to the seventh level and was immediately discovered by a twenty-fifth level cave fire tiger, Lie Yan. Seeing that lie Yan had been discovered, Yun Chujiu had no choice but to remove her concealment talisman. She said to the cave flame tiger, "I still have urgent matters to attend to. Get lost quickly, or else don't blame me for being impolite!" The cave flame tiger glanced at Yun chujiu with disdain. What was wrong with this little human girl? How dare a weakling at the fifth level of the spirit sect speak to her like that? I'll eat you right now so you don't get cocky. Lie Yan spat out a few large fireballs at Yun Chujiu. Yun chujiu dodged to the side and shot out a few purple needles at lie Yan's eyes and other weak spots. Yun chujiu cursed as she attacked lie Yan. If it weren't for the fact that she was a piglet, she wouldn't even need to use these purple needles anymore. was there anyone as pathetic as her? ! She had to think of a way to end the battle quickly. There were countless demonic beasts on this level. If she were to fight them head-on, she would definitely tire herself to death. Yun Chujiu Thought for a moment and released the three-tailed Fox King of Lie Yan. "Xiao Hong, come out and howl with all your might." Although the three-tailed Fox King of Lie Yan was dissatisfied

with Yun chujū's adjective, what was she howling for? She was really uncultured! However, she still roared according to Yun Chujū's instructions.
