

The Yun Family's Ninth Child is an Imp! Chapter 1290

"Kitten, did you see that? I relied on this to deal with the disobedient Demon Beasts. This thing was environmentally friendly and fast. With just a bang, the demon beasts turned into dregs! "Do you think it's Fun?" Yun Chujiu said with a smile. The iron tail wind blade was so angry that it was whipping. Fun? You Pervert! ! Don't you think it's fun if you're blown to pieces? ! "However, although I'm a bit ruthless, I'm quite generous to my demon beast friends. For example, on the seventh floor, the two black-horned raging bulls were the first to seek refuge with me. "Therefore, when I left, not only did I give them a lot of hemostatic pills, I also gave them a lot of exploding spirit pills, it's a super-grade one!" Yun chujiu took out a super-grade exploding spirit pill and tossed it in her hand. Iron-tailed wind blade looked at the super-grade exploding spirit pill in Yun Chujiu's hand greedily. No matter how powerful the demon beasts were, they wouldn't know how to refine pills. They only knew how to find the right herbs and swallow them. Therefore, to these demon beasts, pills were very attractive, there was no need to doubt their attraction. "Little cat, we can be considered to have hit it off. I met you the moment I reached the eighth level. If you are willing, we will establish a temporary contract. Naturally, I will not mistreat you. If you don't believe me, I will give this supreme-grade explosive panacea to you first." After Yun Chujiu finished speaking, she threw the supreme-grade explosive panacea in her hand to the iron-tailed wind-blade tiger. The iron-tailed wind-blade tiger caught the supreme-grade explosive panacea with its claws and sniffed it. After sensing nothing unusual, it directly swallowed it into its stomach. The iron-tailed wind-blade tiger felt that the spiritual power in its body had suddenly become much more abundant. It could not help but be very excited. At this moment, it heard Yun Chujiu say, "Kitten, How is it? "As long as you establish a temporary contract with me, when I leave the eighth floor, I will give you ten superior-grade explosive panacea and ten superior-grade blood coagulation pills. Moreover, if you follow me, in the future, when I take in Demon Beasts, you will be the boss. Don't you think it is very impressive? "Moreover, only the identity of a leader is worthy of the word 'king' on your head, isn't it?" The iron-tailed wind-blade tiger was completely moved. With the medicinal pills, he could still display his might. Why Not? ! Therefore, the iron-tailed wind-blade tiger called out a few times proudly. Yun chujiu established a spiritual connection with it and then established a temporary contract. Yun chujiu was very pleased in her heart. There was no other way. No matter how powerful this Demon Beast was, it was still easier to fool than people. She moved her mouth and took in a powerful fighter. Passing the eighth level was not a problem! Following that, Yun Chujiu followed the same method and recruited another level 27 violent white-striped bear. With two level 27 demonic beasts in her hands, Yun Chujiu was confident. A day later, this fellow once again valiantly arrived at the entrance of the ninth level crypt. Yun chujiu distributed the hemostasis pills to the demonic beasts. Then, she waved goodbye to them with a smile and directly entered the entrance of the ninth level. Among the demonic beasts, the most disappointed one was the iron-tailed wind-blade tiger. This fellow had been the boss of the demonic beasts for a whole day. It was very impressive. She didn't expect it to end in just one day. When Yun Chujiu reached the ninth floor, she hadn't even stabilized her footing when she encountered a 28th level

blood-eyed giant ape. Yun chujiu used the same trick again. She didn't expect this blood-eyed giant ape to not buy it at all. Several wind blades shot out from its eyes and charged at Yun Chujiu. Yun chujiu dodged while activating the Seven Treasures sky-shielding umbrella and the defensive spirit tool on her body. This level 28 demonic beast was equivalent to a seventh level spiritual venerable. If she wasn't careful, it would die!
