

The Yun Family's Ninth Child is an Imp! Chapter 1291

The blood-eyed giant ape looked at Yun chujiu with disdain. A weak little chicken of the fifth level of the Spirit sect wanted to trick it into becoming her Beast Master? It was simply wishful thinking! The blood-eyed giant ape swayed its huge body as it approached Yun Chujiu! Yun chujiu was extremely anxious. This blood-eyed giant ape was the most troublesome demonic beast she had ever encountered. Although the snow wind beast she had encountered in the trial tower was also of a high level, it had been lying there sleeping, moreover, she did not have to worry about death in the trial tower. Now, it was no longer possible. Although she had a lot of super-grade explosive talismans, a few dozen of them probably would not have any effect on this blood-eyed giant ape. Although she had a lot of them, she could only activate a few dozen of them at a time. Before she could activate the next batch of explosive talismans.., this blood-eyed giant ape would smack her to death. Yun chujiu had no choice but to throw a bunch of explosive talismans at the blood-eyed giant ape. After that, she had Xiao Heiniao carry out the curse. Taking advantage of this time, she threw the remaining two explosive talismans and a few dozen explosive talismans at the blood-eyed giant ape. As expected, the blood-eyed giant ape was injured by the explosion. Its body was covered in blood, but this stimulated its male even more. It stretched out its claws and smacked down at Yun Chujiu. Yun chujiu did not completely dodge. Although she had relied on the jade token given by the dry old man and the seven treasures sky-shielding umbrella given by Dean Huangfu to escape the disaster, the jade token and the seven treasures sky-shielding umbrella were shattered. Yun chujiu threw out the sticky silk net to hinder the blood-eyed giant ape's footsteps. Then, she threw out a large number of burst talismans. The blood-eyed giant ape was once again blasted to the point of letting out an earth-shaking roar, but it still did not die. Yun Chujiu was forced into a blind spot by the blood-eyed giant ape. The blood-eyed giant ape pounded its chest and roared loudly. Damn girl, this was the first time it had suffered such a huge loss. Today, it had to eat her up. Yun chujiu really had no choice but to use her old trick. A large sack of chili noodles smashed towards the blood-eyed giant ape. The blood-eyed giant ape subconsciously used its claws to block. Boom, the chili noodles covered its entire body. The chili powder stuck to the wound on its body, causing it to howl in pain. Yun chujiu took this opportunity to throw a few small purple needles at the blood-eyed giant Ape's eyes. This was the first time Yun chujiu had used her spiritual power to attack the blood-eyed giant ape. She had been waiting for this moment so that the blood-eyed giant ape would not be on guard. It would not have thought that her spiritual power attack was a small needle. When it blocked it, it would miss, only then would she have a chance to hit it in one hit. As expected, the blood-eyed giant Ape's eyes had been hurt by the chili powder, and the wounds on its body were also very painful. Therefore, after feeling Yun chujiu's spiritual power attack, it only casually used its claws to block it, it felt that a fifth level spirit sect's spiritual power attack could not cause any harm to it. The blood-eyed giant ape's claws blocked a portion of the purple needles, but more than ten purple needles shot into the blood-eyed giant Ape's eyes. Yun chujiu was overjoyed and quickly ordered the purple needles to explode. The blood-eyed giant ape rolled on the ground in pain. Yun chujiu obviously would not let go of such a good opportunity. She threw the supreme-grade explosive talisman at the blood-eyed giant ape as if it was free. After a few loud bangs, a huge pit appeared on the ground. The blood-eyed giant Ape was dead. Yun Chujiu was afraid that it would not die. She threw a few more explosive

talismans and then collapsed on the ground. This battle was a heavy loss. The jade token given to her by the dry old man and the seven treasures sky-shielding umbrella given to her by the Dean were all useless. The explosive talismans were also gone. However, this was only the entrance to the ninth level., could it be that she was going to die in this nine serene crypt?
