

## The Yun Family's Ninth Child is an Imp! Chapter 1292

Yun Chujiu had just taken a few deep breaths when she felt another demonic beast coming over. It was obvious that it was attracted by the bloody smell of the blood-eyed giant ape. Yun Chujiu felt that she had to give up her life, so she could only try to bluff it. As expected, a level 28 three-eyed fire fox ran over. Yun Chujiu recalled the records of the three-eyed fire fox. Not only could the three-eyed fire fox perform fireball attacks, but the eye in the center of its forehead also had the ability to charm, it was very difficult to deal with. The three-eyed fire Fox ran to the edge of the deep pit and looked inside suspiciously. It then looked at Yun Chujiu and could not help but be very surprised. Could it be that the blood-eyed giant ape was killed by this little girl? How was this possible? This little girl was only at the fifth level of the Spirit sect. How could she kill the blood-eyed giant ape? The three-eyed fire Fox looked at Yun Chujiu and found that the little girl had an aloof and cold demeanor. She did not say a word and did not even look at it. It became even more suspicious. It did not make sense. Why did this little girl not look at it? Did she not put it in her eyes at all? Or was she planning to take its life when it was not paying attention? In fact, Yun Chujiu did not look at it because she was afraid of being seduced by its third eye. She did not expect that she would be misunderstood by the three-eyed fire fox. It had to be said that this was a wonderful misunderstanding. The three-eyed fire Fox was very suspicious. It did not dare to rashly go forward. Instead, it continued to check the traces on the ground. Seeing that the three-eyed fire Fox had not attacked her, Yun chujiu quickly meditated and regulated her breathing. She also let guai Cao repair the internal injuries that were caused by the aftermath of the Explosive Talisman. The three-eyed fire fox checked and found that this was a deep pit created by a large number of talisman seals. This meant that the blood-eyed giant ape was killed by the little girl's talisman seal. This blood-eyed giant ape was really stupid. Why didn't you give the little girl the chance to use the talisman seal? Your spiritual power was so much higher than it, but you were actually killed by the explosion. You were really stupid. Three-eyed fire fox found the cause of death of the blood-eyed giant ape and had a good idea. It spat out several huge fireballs at Yun Chujiu. Yun chujiu had been secretly staring at the three-eyed fire fox. She hurriedly dodged the attack of the three-eyed fire fox and cleared her throat. "Three-eyed fire fox, how about we discuss a business deal?" Three-eyed Fire Fox? Although the three-eyed fire Fox could not find fault with this, it somehow felt that this title was so awkward? Discuss a business deal? You Little Human Girl, why are you discussing a business deal with me, a demonic beast? The biggest business deal is if I eat you! The three-eyed fire fox ignored Yun chujiu and continued to attack with fireballs. "Hey! three-eyed Fire Fox, what do you see in My Hand?" Three-eyed Fire Fox stopped attacking and looked up. Then, it was stunned. Oh My God, what the little girl was holding was actually the tail bone of the nine-tailed Fox? That's right, it must be! It could smell the aura of an ancient divine beast on it. It must be the tail bone of the nine-tailed fox. If it could obtain this tail bone, it might be able to activate its hidden bloodline. It must kill the little girl and take the tail bone for itself! Just as the three-eyed fire Fox was thinking, the little girl said, "Don't tell me you plan to kill me and take this bone for yourself? Let me tell you, if you insist on killing me, I will perish together with this bone. I will let you get nothing!" In order to verify her words, Yun chujiu, held a bunch of explosive talismans in her hand, "See? I have dozens of sacks of such superior-grade explosive talismans. I don't believe that I can't blow this broken bone into powder! However, I naturally don't want to die. If you're willing to cooperate with

me, this bone will be yours. Moreover, I'll give you some superior-grade blood coagulation pills and superior-grade explosive spirit pills. How about it? What's Your Choice?"
