

## The Yun Family's Ninth Child is an Imp! Chapter 1301

After the students returned to Tianyuan Academy, Dean Huangfu briefly spoke a few words before the month-long holiday began. Just as Yun Chujiu was about to send a voice transmission talisman to di beiming to hook up with him, manager Luo arrived. "Miss Jiu, this servant has been ordered by the palace master's wife to invite you to the longevity palace as a guest." Manager Luo respectfully said. Yun Chujiu asked with a smile, "Manager Luo, did my aunt miss me? Is that why she sent you to pick me up?" "Ninth miss, this servant still has to invite Miss Qin and Miss Bai Li. This servant will take my leave first." After saying that, manager Luo ran away as fast as he could, because the palace master's wife's original words were, "That little rascal is not under my nose. I'm really worried. She might have seduced bei Ming. Quickly go and get her for me." Yun chujiu looked at manager Luo's back and pursed her lips. This manager Luo is really honest. Can't you just make something up to make me happy? In fact, if it was someone else, the well-rounded manager Luo would naturally say some polite words. However, she didn't dare to say anything to Yun Chujiu, afraid that she would be cheated if she said anything wrong. This guy's criminal record was really too serious. Manager Luo brought Yun Chujiu and the other two up the flying spirit tool and headed straight for the Palace of Immortals. Once they boarded the Flying Spirit Tool, Yun Chujiu curled her lips. It seemed that the old witch was afraid that I would take the thing away again. The layout inside was extremely simple. Along the way, Yun Chujiu was still holding the talking book and reading it with great interest. Although Qin Mingzhu and Baili Yan despised Yun Chujiu's behavior, they didn't take the initiative to provoke Yun Chujiu because Yin Xinlian had been killed by this valiant little girl. The journey was very smooth. Three days later, the flying spirit tool arrived at the hall of eternal life. Manager Luo did not bring the three of them directly to their respective courtyards this time. Instead, he brought them directly to the reception hall. Once the three of them entered the reception hall, their gazes were attracted by di beiming, who was sitting on the right hand of the Hall Master's wife. Qin Mingzhu and Baili Yan's faces instantly flushed red. They were extremely bashful. In the past, when they came here.., even their esteemed self did not show his face, so why was he waiting for them here so early this time? Could it be that this time was different, and they had to make a final decision? Qin Mingzhu and Baili Yan looked at each other warily. They regarded each other as their biggest competitors. As for Yun Chujiu and the others, they did not put her in their eyes at all. Whether it was her family background or spiritual power, she could not be compared to them. Di beiming sat on the chair, his gaze fixed on Yun Chujiu. He had been busy with cultivation and palace affairs for the past few months and had not seen Yun chujiu for a long time. For some reason, di beiming felt that Yun chujiu was even more beautiful. The intelligence in her eyes made people want to immerse themselves in her. After Yun chujiu saw di beiming, the image in her mind was, cough cough, the situation inside the nine-tailed Fox's illusion. When di beiming saw the sinister smile on Yun Chujiu's lips, he could not help but feel his heart tremble. What was little jiu planning now? Why did I feel a little cold? When the palace master's wife saw di beiming and Yun chujiu's "Flirting", she coughed unhappily, then, she said, "Little Jiu, why are you still so rude after not seeing me for half a year? Why Don't you greet me when you see me?" Yun chujiu then noticed that she was busy recalling the naked man. Qin Mingzhu and Baili Yan had already greeted her, but she was in a daze like a wooden stake.
