

## The Yun Family's Ninth Child is an Imp! Chapter 1304

Manager Luo decided not to return to the bedroom for a while. Otherwise, she would definitely be angry with the palace master's wife. The palace master's wife's obsession with cleanliness was not any less than that of a superior. She must be mad now. My wife, you are simply looking for trouble when you fight with Miss Jiu! Yun chujiu naturally would not go to the palace to get scolded. It was only during the dinner that this fellow went to the living room eagerly. Qin Mingzhu and Baili Yan had arrived long ago. When they saw Yun chujiu enter, they nodded slightly. It was not that they did not want to get close to her, but they were afraid of being tricked by Yun Chujiu, so they decided to keep their contact with her as little as possible. When Yun Chujiu saw Qin Mingzhu and Baili Yan sitting on the left side, she sat on the right side. This fellow did not stand on ceremony and picked up the spirit fruit on the table to eat. The maid at the door shouted, "Your Excellency has arrived!" Qin Mingzhu and Baili Yan immediately stood up in excitement. They did not expect that your excellency would actually come again. It seemed that this time, they really had to choose the final candidate. Di Beiming's face was as dark as water. He did not even look at Qin Mingzhu and Baili Yan. He walked straight to the table next to Yun Chujiu and sat down. Yun chujiu was very satisfied with di Beiming's performance. She should treat the flirtatious B \* tch like the autumn wind sweeping away fallen leaves. Well done. Qin Mingzhu and Baili Yan were extremely regretful. If they had known that their honored guest was coming, they would have sat on the right. Yun chujiu, that little trash, had taken advantage of them! However, that little trash only knew how to eat. It was not a big deal. Not long after, the palace master's wife arrived. The palace master's wife glared fiercely at Yun Chujiu. Yun chujiu bared her little white teeth at her, "Aunt, why are you looking at me? Are you thinking of rewarding me with good things again?" The palace master's wife really wanted to say that she wanted to give you a slap! However, she endured it and ignored her. She announced the start of the banquet. The Banquet of the temple of immortals was naturally very exquisite. There was no need to say much about the dishes. Furthermore, there was a dance to liven up the atmosphere. Yun chujiu was eating happily when she felt someone tugging at her clothes. Yun chujiu lowered her head and looked down. Di beiming, the 'habitual offender', was under the cover of his loose clothes. He was secretly tugging at her clothes with his hands. Yun chujiu was very smart. She immediately understood what di beiming meant. She frowned and muttered to herself, "Aiyo, my stomach is a little uncomfortable. I have to go out for a while." Qin Mingzhu and Baili Yan looked at her with disdain. They knew that she deserved to eat! Not long after Yun Chujiu went out, di beiming said to the palace mistress, "Mother, I still have some matters to deal with in the front hall. I will take my leave first." The palace mistress was watching the dance with great interest. She waved her hand casually. Di beiming quickly left the living room. The palace master's wife suddenly came back to her senses. She had been tricked! These two little brats were playing a trick on her! They must have gone out for a tryst! It was really hard to guard against! The palace master's wife was so angry that she gritted her teeth. However, she couldn't go out and capture the two of them, so she said to manager Luo, "Manager Luo, Go and see Little Nine." Manager Luo complained in her heart. My wife, the task that you arranged for me is really difficult to handle. It's obvious that Miss Nine and your esteemed self have gone out for a tryst. What do you want me to do? "I can't afford to offend either the little pervert or Your Excellency!" On manager Luo's side, di beiming and Yun Chujiu were having a romantic time.

“My Prince Charming, did you miss me? Did you miss me so much that I couldn’t sleep at night?”Yun chujiu asked di beiming with a smile. Di beiming didn’t say anything and directly kissed Yun Chujiu. Manager Luo saw the two people hugging each other from afar, so he could only help to spread the wind so that others wouldn’t see them. Sigh, our Madam was worried that you didn’t like girls, and even said that with that cold personality, she didn’t know how to make girls happy. Emma, Madam, your worries are unnecessary.., i see that you are not only not cold, but also passionate!
