

The Yun Family's Ninth Child is an Imp! Chapter 1306

Di beiming gritted his teeth and found it funny. He had no choice but to pull on his collar to cover the Hickey before returning to the study room in the front hall. In the study room, Di beiming was holding a book in his hand, but he could not read it at all. His mind was filled with the image of Yun Chujiu's delicate figure, whether it was crafty, mischievous, or angry.. An Yin looked at the book in his honored guest's hand and was speechless. Why did his honored guest become like two people when he met Miss Jiu? Was this the power of Love? An Yin felt that something in his heart seemed to be stirring. Maybe I should be like an Feng and save some money for my wife.. Yun chujiu followed manager Luo back to the living room. The palace master's wife waved her hand and signaled for the singing and dancing to leave. Then, she glared at Yun Chujiu. "Leaving halfway through the banquet and not returning for a long time, what's wrong with you? ! Why are you wearing a handkerchief on your face?" "Aunt, when I went to the bathroom just now, I met a spirit bee and it stung my face. I was afraid of scaring everyone, so I used a handkerchief to cover it up." Yun chujiu thought to herself that it was all your son's fault, my lips were slightly red and swollen. If I didn't cover it up, wouldn't I be exposed? The palace mistress was about to say something when manager Luo coughed. The palace mistress suddenly understood why Yun Chujiu had done this. She was so angry that she gritted her teeth. Bei Ming, that little bastard! The palace master's wife was in a bad mood. She hastily said a few more words and then ended the banquet. Qin Mingzhu and Baili Yan pretended to be concerned about Yun chujiu and said that they had some ointment on them. The palace master's wife said hatefully, "Don't worry about her. Who asked her to go out and attract bees and butterflies? She deserves it!" Yun chujiu did not care about this kind of double-meaning mockery. She even said with a smile, "Yes, that spirit bee is also shameless. It just had to Sting me." The palace mistress was really speechless at Yun Chujiu's shamelessness. She could only brush her sleeves and leave. Yun chujiu shrugged her shoulders and followed behind her, "Aunt, wait for me! Aunt, are you angry? Aunt, can we chat for a while more?" The palace mistress left even faster, the palace mistress decided to change her strategy. Hence, from the second day onwards, when the palace mistress held a banquet or enjoyed the flowers, she did not allow di beiming to attend. Hence, di beiming did not see Yun Chujiu for a few days. Yun chujiu did not really mind. In any case, when they were in the Tianyuan Academy, they only met once in a long time. Furthermore, there was a saying that said that if the two of them were to be together for a long time, how could they be together day and night. Actually, cough cough, this fellow was busy going to the canteen to plunder. The Palace Lord's wife turned a blind eye to this. Actually, she was also very conflicted in her heart. Although the little rascal was sometimes so angry that people would go crazy, but people could not hate him. On the contrary, with her around, the longevity hall was even more angry. If it wasn't for the Heavenly Thunder Spirit Root, even if her family background was a little inferior, it was not impossible. However, she had the Heavenly Thunder Spirit Root, which was not tolerated by the Tian Dao, so it was really not suitable for bei Ming. The palace master's wife decided to "Teach"yun chujiu to embroider. Yun chujiu looked at the two crumpled yellow balls that the palace master's wife had embroidered, and the corners of her eyes twitched slightly as she asked, "Aunt, what are you embroidering?" "Little Rascal, is your eyesight bad? Can't you tell that these are two chickens?" Yun chujiu nodded. "Now that you mention it, I can tell

that they are indeed two chickens. It's just that these two chickens have hidden their heads and claws in their fur."
