

The Yun Family's Ninth Child is an Imp! Chapter 1309

In the next few days, Yun Chujiu was completely liberated! Because di beiming was not in the temple of Immortals, the palace master's wife no longer held onto Yun chujiu and allowed her to run around crazily. On this day, this fellow thought of the spirit fruit forest and with a sinister smile, he hopped into the spirit fruit forest and picked large spirit fruits. After picking the spirit fruits, he lay down on the grass and slept. When this fellow opened his eyes, he realized that the sky was already turning dark. He stretched his body and muttered, "It's really strange. It's already so late, but the old witch actually didn't send anyone to find me. She really doesn't care about me!" Yun chujiu stood up and patted the grass and dust off her body. Then, she hopped out of the Spirit Fruit Forest. When she was about to reach the edge of the spirit fruit forest, she heard footsteps. This fellow thought to himself that the old witch must have sent someone to call her. This fellow's evil intentions had resurfaced once again, calling for all of you to bully me in the past and for me to scare all of you. Hence, the fellow leaped onto a very dense spirit fruit tree and looked down through the gaps in the leaves. "Brother Yang, Dharma Protector Tao is being too careful. The temple of Immortals has already been trapped by US using the eight gates golden lock array. Even if di Linhan and his son were to return, they would still be unable to enter! "Moreover, the people inside are all under our control. It is impossible for any of them to escape, not to mention the fact that the spirit fruit forest is so far away from the main hall!" "It takes ten thousand years to be careful. Eleven years ago, we thought it was a sure thing, but didn't we return in defeat after that? So, it is not wrong to be more careful this time." "What exactly happened back then? I only heard that there was a report of victory back then, saying that the Tian Yuan continent was within our grasp. Why did we return in defeat after that?" "The person involved was only vice palace master Liu alone. We don't know the exact situation. We only heard that the bad news was caused by the son of the Palace Master of the longevity palace, di beiming. So this time, the first person we chose to attack was the longevity palace." .. When Yun Chujiu, who was hiding on the tree, saw that there were two men, she immediately activated the concealment talisman. The more she heard, the more shocked she became. The longevity palace had already been attacked? Although she was in a deep sleep, why didn't she hear such a big commotion? Or did they use some unconventional means to control them? The More Yun Chujiu thought about it, the more frightened she became. Although some of the secret guards of the Temple of Immortals had been taken away by di beiming, and some of them had been sent to escort Qin Mingzhu and the others, there were still hundreds of them left, and they were at least at the seventh level of the spirit Saint Realm, there were also several of them who were at the level of Spirit Paragons. How could they be captured just like that? Moreover, what they were talking about that year, was it because the pretty boy had been poisoned by the cold poison? Was it also because of the death of Wu Jibbrain's mother? The Pretty Boy and Wu jibbrain were very secretive about what had happened that year. What exactly had happened that year? These people did not seem to be from the Tian Yuan continent, so where did they come from? Yun Chujiu's mind was full of questions. However, the most important thing now was to hide from the two of them. Therefore, Yun Chujiu took off the hidden spirit ring on her hand. It would be safer this way. The two people who spoke searched around but found nothing, then, one of them said, "Brother Yang, I told you. It's impossible for anyone to be in here. Our attack was very

sudden. They were completely unprepared. They thought that their sect protection array was very strong and foolproof. They would not have thought that we came in when the flying spirit tool was out.”
