

The Yun Family's Ninth Child is an Imp! Chapter 1310

Yun chujiu frowned slightly. They took advantage of the flying spirit tool to get in? It turned out that they had sneaked in when manager Luo sent Qin Mingzhu and the others out. They must have activated the concealment talisman and then thought of a way to destroy the mountain protection formation. Yun chujiu could not see through their cultivation levels and did not dare to act rashly until they were very far away. Yun chujiu quickly took out the sound transmission talisman and was ready to report to di beiming, but she found that the sound transmission talisman could not be used at all, it must be the effect of the eight gates golden lock array that person mentioned. What should she do now? There were only three choices. One was to think of a way to send a message to the gigolo, one was to think of a way to hide and wait for the gigolo to come back to rescue them. The other was to think of a way to kill all these people and rescue the old witch and the others. From that person's tone, he was very confident about the eight gates golden lock array. It would probably be very difficult for her to send a message. The third choice. Although she shamelessly thought that she was quite capable, there were so many people from the temple of Immortals who failed to resist. It would be difficult for her to do it alone. The safest choice was the second choice. If the gigolo failed to send her a voice transmission talisman, he would definitely be suspicious. At that time, he would send someone to check. In a few days, he would discover that there was something wrong with the temple of Immortals. At that time, she would stir up trouble again., she would definitely be able to kill all these bastards. After Yun Chujiu made up her mind, she counted the things on her body. Fortunately, she had come out of the nine serenities crypt and asked an Feng to send a lot of talisman papers. During this period of time, she had also drawn a lot. During this period of time, she would use this time to draw some more., perhaps she could use it. Thus, Yun Chujiu had Xiao Heiniao stay on guard on the tree. She found a flat area and began to draw talisman papers. In the middle of the night, Yun Chujiu decided to check out the situation, so she activated the concealment talisman on her body and carefully left the spirit fruit forest. Recently, she had been jumping around the temple of Immortals a lot, so the terrain was very familiar. On the way, she met a few groups of patrols, but they were all carefully avoided by her. She was naturally most concerned about the safety of the palace master's wife, so she sneaked out of the bedroom. There were lights flashing inside the bedroom. It seemed that the old witch was most likely trapped inside. Yun chujiu did not dare to be careless. If she met someone with the cultivation of a spiritual venerable, the concealment talisman would be ineffective. Fortunately, she took off the spirit concealing ring and carefully hid her aura and figure, so that she would not be easily discovered. Yun chujiu was a little puzzled. Logically speaking, the old witch should be the most important hostage. Why were there only a few guards on the outer perimeter and not a single guard inside? The bedroom door was closed, so Yun Chujiu had no choice but to go around to the back of the bedroom and Crouch under the window to eavesdrop. "I didn't expect the palace mistress of the temple of Immortals to be so beautiful. TSK TSK, it's a pity that her personality is really not that good!" A slightly drunk man's voice said. Yun chujiu frowned. Holy Sh * t, could it be that someone had designs on the old hag? "Get lost!" The palace master's wife was obviously extremely furious. "Beauty, to tell you the truth, conquering the temple of Immortals is only the first step. Sooner or later, the Tian Yuan continent will fall into the hands of the Netherworld Palace. If you obediently submit to me, you can still enjoy your glory in the future!

Otherwise, I have many ways to make you submit. When that time comes, not only will you lose your body, but you will also gain nothing!" "Beast! If you dare to touch me, I will bite my tongue and commit suicide!" Yun chujia sighed in her heart. Old Hag, Old Hag, biting your tongue and committing suicide will not kill you. Don't do anything stupid. "Bite your tongue and commit suicide? Even if you die, I will still play. Moreover, if you dare to bite your tongue and commit suicide, I will kill all the people of the Temple of Immortals!"
